

Milk Producers!

Better Feed Pays Bigger Profits!

There is no better way of telling you how you will do with the

GREEN PASTURES DAIRY PROGRAM

than to show you the experiences of a few of our customers which we think are representative of the performance of our GREEN PASTURE PROGRAM as a whole.

Here are some actual 305 day 2 X herd records.

(Names of individual customers will gladly be furnished upon request)

(The following herds are all Holstem except for Number 7, which is Jersey.)

	Year	Number of cows in herd	Pounds of milk	Pounds of butterfat		Year	Number of cows in herd	Pounds of milk	Pounds of butterfat
1.	1963	27.9	16,190	614	10.	1963	32.8	14,149	526
