

● Have You Heard?
(Continued from Page 15)
Some Guides To Use Of Perfume

Apply perfume carefully. What may have a delightful fragrance in the bottle may take on a disagreeable odor when it reaches your skin.

Use perfume sparingly . . . let it enhance instead of overshadow your personality.

Never put perfume on fabrics, and don't use heavy perfume during the early hours of the day.

Be cautious in using perfume when you have a cold. This is the time you're least able to judge the right amount of perfume needed to give the desired result.

Jewelry Deserves Good Care
To keep jewelry at its best, give it proper storage. And avoid overloading the jewelry box.

A diamond can easily scratch other stones or metal settings. If possible, use a box that separates different types of jewelry. Take time to put articles in their proper places. For added protection during storage, wrap fine jewelry in tissue paper.

All jewelry needs an occasional cleaning. Soap, powder, and soil on the backs of stones deaden their brilliance. To clean the back part of set stones, brush lightly with a soft brush.

Rub gold jewelry with a soft cloth; use a fine silver polish on silver jewelry.

Rub a pearl necklace and earrings frequently with a soft

chamois. When they become very soiled, soak in lukewarm mild soapsuds, then rinse in clear water and dry.

Wear jewelry often and enjoy wearing it.

This an' That

One of the best ways to keep cooking grease and fumes from soiling kitchen walls is to install a hood and fan over the range. The hood should be deep enough to cover most of the cooking surface. Usually a space 26 to 30 inches above the cooking surface is suggested for the most effective removal of odors.

Before buying a gas appliance, you should know what type of gas is available in your area. The burner of your new appliance must be adjusted for the type of gas you'll be using. Gas for fuel is available in four forms: manufactured, natural, a combination of manufactured and natural, and liquefied petroleum.

The level of cake batter in a pan determines the browning and shape of a cake. The batter should fill two-thirds of the depth of the pan. If it's higher, it may overflow and run down the outside. If the batter is lower than two-thirds, the top of the cake won't brown properly.

More than 100 antique and classic cars and the world's largest collection of auto medallions and license plates are exhibited at Swigart's Museum near Huntingdon, Pennsylvania.

● For The Farm Wife
(continued from page 15)

brush with butter or margarine. To serve, place on serving plate with small dish of favorite dip in center. Break off individual pieces to eat.

ORIENTAL SOUFFLE

- 3 cups toasted enriched white bread cubes (about 4 cups, untoasted)
- 2 cups coarsely chopped cooked shrimp (1-pound package, frozen)
- 2 cups chop suey vegetables, well drained (1-pound can)
- ¼ cup butter or margarine
- ½ cup chopped onion

- ¼ cup flour
- 2 tablespoons soy sauce
- 1½ cups milk
- 3 eggs, separated

Combine bread cubes, shrimp and vegetables in large bowl. Melt butter or margarine in top of double boiler. Add onion and cook about 3 minutes, stirring occasionally. Stir in flour and soy sauce. Add milk gradually and cook until thickened, stirring constantly. Beat egg yolks slightly. Add a small amount of hot sauce to egg yolks and blend well. Return egg mixture to double boiler, mixing well. Cook about 3 minutes over hot water, stirring occasionally. Re-

move from heat. Add to bread mixture and mix thoroughly. Beat egg whites until stiff peaks form. Fold into sauce. Turn into well-greased 2-quart casserole. Bake in slow oven (325 degrees) about 1 hour. 4 to 6 servings.

In England, Northamptonshire people believe they can cure a sty in the eye by plucking a hair from the tip of a black cat's tail on the first night of a new moon, then drawing it nine times across the swollen eyelid.

\$SAVE DOLLARS\$

by Switching to Flameless Electric Home Heating Now!!

\$150 ALLOWANCE FOR REGULAR HOME HEATING SYSTEM

\$100 ALLOWANCE FOR MOBILE HOME HEATING SYSTEM

\$75 ALLOWANCE FOR EACH APARTMENT that will be individually metered.

Be modern and save money, too! Switch to flameless electric home heat and let the trade-in allowance on your old-fashioned heating system pay part of the cost.

This offer is good only through your Reddy Kilowatt Recommended Electric Home Heating dealer. (Call PP&L for the name of one near you.) He'll also guarantee the operating cost of heating your home electrically for the first two years at PP&L's special total electric living rate.

New rates for total electric living . . . as low as 1.2¢ per KWH . . . have been filed with the Pennsylvania Public Utility Commission, to become effective May 1.

*** Before**

I looked like a refugee from a dog food cannery.

until my master began giving me

NEW HOPE Complete Horse Feed.

*** After**

"Oats — ugh — I couldn't bear the sight of them — or hay either. Sometimes I could hardly catch my breath, and the least little trot made me cough 'til I thought I'd die.

"I had the heaves and I was miserable."

"Then my owner discovered New Hope Complete Horse Feed—no oats, nothing of any kind to stir up my allergies. My, how good it felt to really eat again, to be free from that terrible, hacking cough.

"If you're a victim of the heaves too, send your master as fast as he can go to get some Wayne New Hope Complete Horse Feed. Of course he has some other excellent horse feeds for horses that can still eat hay, but as for me, I'm sticking with Wayne New Hope Complete Horse Feed."

* Actual unretouched photos of a horse before and after being fed New Hope Complete Horse Feed.
