Manheim YFA To Take Tour Of Dairy Barns

The Manheim Young Farmers Association will tour dairy barns to observe free-stall housing of dairy cattle on Monday night, April 20

The group will meet at 7:30 p.m. at the farm of James Graybill on the road between Nelson Weaver's grain elevator and Erb's church. The tour will

then move to the farm of Frank L. Hershey, 442 Willow Road, Lancaster. All interested farmers are invited to attend.

Manheim Young Farmers will again conduct a corn growing contest. Sign up is under way and details are available from Charlie Hess, teacher of vocational agriculture at Manheim Central High School.

The next regular meeting of the group is May 11 at the high school when John Yocum, director of the Southeastern Pennsylvania Field Research farm, will speak on Forage Crops.

More than 16,000 men and women have enrolled in agricultural short courses at The Pennsylvania State University since the courses were first offered in 1891.

SAFETY REMINDER

One reason for the many home accidents may be that people get too familiar with their everyday surroundings. They forget safety rules and begin to take chances. Penn State extension home economics specialists suggest taking a critical look at the way you do things, check your house for hazards, and then correct the hazards.

Looking at the world through rose-colored glasses . . .

might help your herd's production record — keep 'em contented. But a more reliable way of getting top production at top profits is to feed Pioneer . . . the feeds with balanced amino acids for better protein building. Amino acids are the building blocks for all proteins. Balance them and you increase production and profits As a Red Comb-Pioneer dis-

tributor, we can help you benefit from their knowledge in areas such as animal husbandry, money management, genetics, systems and many other specialties. Stop in to see us today. When you leave, you won't need any rose-colored glasses . . . things always look better when you feed Pioneer.

GEHL 72 CHOPPER

Superior Construction... Greater Efficiency

- ① 39 swinging flails cut a full 72-inches. Flails are reversible and interchangeable for longer cutting life.
- ② Unitized knives and fan blades. Blow crops to farthest corner of any wagon.
- ③ Easy knife adjustment. Simply open blower housing to easily reach the entire cutting assembly.

Plus . . . Easy-Swing drawbar that enables you to switch from direct-pull to complete offset with just a "pull of a rope".

Make us Prove it with a Demonstration!
