

Cattle Slaughter Up 9 Per Cent

The total number of beef cattle slaughtered during April was 9 per cent more than April 1963, according to the Pennsylvania Crop Reporting Service.

Hog slaughter was 4 per cent above a year ago. Calf slaughter was down 5 per cent and lamb and sheep down 32 per cent. The January-April total for cattle and hogs was 3 per cent and 1 per cent respectively, above a year earlier. Calf and lamb and sheep slaughter for January-April was 6 per cent and 44 per cent respectively, below a year ago.

U. S. Red Meat

Commercial production of red meat during April in the 48 States was 2,713 million pounds—up 10 per cent from a year earlier and 5 per cent more than the previous month. Commercial meat production includes slaughter in federally inspected and other commercial plants but excludes farm slaughter.

There were 10,512 million pounds of red meat produced during the first four months of 1964, an increase of 8 per cent from the corresponding period of 1963. Of the January-April total, beef was up 13 per cent from a year earlier; veal down 1 per cent, pork up 4 per cent; and lamb and mutton down 5 per cent.

Beef production during April was 1,514 million pounds—up 16 per cent from April 1963 and 7 per cent greater than March 1964. The number of cattle slaughtered during April was 15 per cent greater than a year earlier and 8 per cent more than a month earlier. The average live weight of cattle slaughtered in April was 1,042 pounds per head, 12 pounds heavier than April 1963, but 10 pounds lighter than March 1964.

There were 67 million pounds of veal produced during April, 3 per cent more than a year earlier, but 1 per cent less than a month earlier. Calves slaughtered during April was 2 per cent above April 1963, but 5 per cent below March 1964. Calves slaughtered during April averaged 214 pounds per head live weight, 3 pounds heavier than last year and 8 pounds heavier than last month.

There were 60 million pounds

David Unger To USDA

David G. Unger, Soil Conservation Director for the Pennsylvania Department of Agriculture for the past eight years, has been assigned to the post of Assistant Executive Secretary of the National Association of Soil and Water Conservation Districts.

Unger, before coming with the Penna. Department of Agriculture, served as executive secretary of the Upper Susquehanna Watershed Association, with the Brandywine Valley Association and the Ohio Geological Survey. He is a native of Michigan and holds degrees from Antioch College in Ohio, and from the University of Pennsylvania. He is a past president of the Keystone State chapter of the Soil Conservation Society of America.

Purchase price of the new \$75 E Bond, now on sale, is \$56.25. Bond fills out the smaller-denomination bond line and bears the likeness of the late President Kennedy. Why not get yours today?

of lamb and mutton produced during April, down 3 per cent from a year earlier, but 2 per cent above a month earlier. The number of sheep and lambs slaughtered during the

than April 1963, but 1 per cent more than March 1964. Sheep and lambs slaughtered during April averaged 102 pounds per head live weight, 3 pounds heavier than a year earlier, but the same as last month.

1964 Winners of PP&L's 15 Scholarships

These Central Eastern Pennsylvania young people will be entering area colleges and universities this fall with the aid of PP&L grants, offered under two separate scholarship programs. Each PP&L program recognizes the diverse needs of society for college-trained young men and women.

INDEPENDENT COLLEGE SCHOLARSHIP PROGRAM

This program offers 10 scholarships for study at any of 15 colleges and universities located in PP&L's service area. Winners of these scholarships may pursue any course of study leading to a baccalaureate degree. Part of the grant is paid to the institution on behalf of the student. The remainder is paid unconditionally to the school to be used for any educational objective.

STATE COLLEGE SCHOLARSHIP PROGRAM

There are five scholarships offered under this program for attendance at any of four State colleges in PP&L's service area. This program is directed principally toward the growing need for highly qualified teachers. However, applicants are not limited to this field. Grants are paid directly to the colleges on behalf of the winners.

WHY SUPPORT EDUCATION?

PP&L's scholarship programs are the result of a belief that progress is a product of education and that the nation needs the full potential of its capable young people.

High school students who will be seniors this fall are invited to enter the competition for the 1964 grants. High school guidance counselors will have the details.
