ALL NEW!

GEHL Chop-All Mower Bar

mows off tall or short; chops fine

No crop too tall. None too short — for the new Gehl Chop-All Mower Bar. With one-two precision you mow forage clean; then chop fine for better packing in silos.

Retracting fingers on the powered feed roller keep the crop "on the move" from auger to chopper throat. Eliminates crop bunching and slow-downs. Three power-driven compression rollers then flatten the crop... hold it tight. The payoff: Six chrome-edged knives and long-lasting tungsten-carbide cutter bar turn out famous Gehl fine chopping.

Gehl's new Select-A-Cut transmission lets you vary forage length—short, medium or long—with the push of a lever. New Easy-Swing drawbar adjusts right from the tractor seat. A rigid tripod (optional) holds the forage deflector more firmly in place.

Make us Prove it with a Demonstration!
