 for a club or the
 Council. As a Junior
 we can develop skills
 abilities in working suc-
 ly with others. By sett-
 r goals high and striv-
 reach them, we can ac-
 sh a great deal. To
 success in life depends
 on how we go about
 and working with other
 There must be a desire
 hearts to serve others.
 h these small experi-
 in earlier years, we
 perform larger services
 we are adults. Being
 to others helps to
 that selfish feeling inside
 It gives us the feeling
 we can do some good in

this world and better someone's
 life. Simply by helping a young-
 er person learn an easy skill
 we can gain respect from this
 member, and also have the
 pleasure of watching him pro-
 gress. It is a great responsi-
 bility for us to be a good
 example of what 4-Hers's can
 achieve. There is always some-
 thing for us to do as a club
 or as an individual. Making
 simple favors for the sick and
 less fortunate is greatly appre-
 ciated. In a community there
 is always some volunteer work
 to be done or special programs
 to be sponsored.
 By participating in these
 4-H activities with the proper
 attitude, we can definitely
 prove how 4-H contributes to
 good citizenship. As a result

we can acquire more know-
 ledge of knowing how and new
 friends. From each person we
 meet, we can learn something
 Since these activities in 4-H
 will benefit us only with the
 proper attitude we must pledge
 our heads to clearer think-
 ing, our hearts to greater
 loyalty, our hands to larger
 service, and our health to bet-
 ter living for our clubs, our
 communities, and our country.

"DEDICATED YOUTH"
 by Melvin Breneman

'Today's world needs dedicat-
 ed youth! There are thousands
 of young people with no goal
 in life or even anything to
 live for. They spend their
 time doing things from which

they do not benefit. In the
 other hand a large number of
 youth are doing many valuable
 and helpful things and they
 are receiving state wide and
 even nationwide attention for
 what they've done. However,
 all of us will not receive that
 recognition and yet we can all
 be dedicated to what we are
 doing. "Dedicated", you say,
 "Wonder what he means by
 that term?" Webster says, to
 set apart to a definite use or
 service. I firmly believe that
 all of us here today are just
 that. Dedicated, in that we are
 and will be doing our best in
 leading the 4-H Clubs through-
 out the county and state.
 An office manager came in-

to his office one morning and
 discovered a very complicated
 machine wasn't functioning
 properly. So he called in an
 expert mechanic to fix it. The
 mechanic came and all he did
 was turn one screw. Several
 weeks later he received a bill
 for \$160. The boss was quite
 unhappy and requested an
 itemized bill He received one
 as follows. to turn the screw,
 \$250, for knowing how far
 to turn it, \$157.50. This il-
 lustrates how important every
 little part in a machine is and
 the same thing applies in
 every 4-H Club. It takes every
 member in the club to do
 his or her part before it can
 function properly.

As each year comes and goes
 the problems facing each club
 will certainly vary. Each pass-
 ing year should see this or-
 ganization growing and doing
 more and more for the bene-
 fit of agriculture if the youth
 in the organization are truly
 dedicated to their job.

Have you ever heard of
 crampons? A crampon is a
 "metal frame with spikes, fitt-
 ing the sole of the boot, for use
 on hard snow or ice" If you
 stop to think for a moment,
 you can well understand the
 value of crampons to a moun-
 tain climber They mean the
 difference between progress
 and sliding back, if not fall-
 ing May we leaders be so
 dedicated to our job that we
 will be to those youth who are
 looking to us for leadership,
 like crampons are to the
 mountain climber. May we
 help them to climb better and
 higher and not let them slip
 back or fall

"We shall so live and labor
 in our time that what came
 to us as seed may go to the
 next generation as blossom,
 and that what came to us as
 blossom may go to them as
 fruit This is what is meant
 by progress These words were
 uttered years and years ago
 by Henry Ward Beecher, but
 they are still good for us
 today

To have an organization
 that is looked up to, the offic-

SUCCESSFUL POULTRYMEN PLEASED

with FARM BUREAU'S

IMPROVED LAYER Feeding Program

ODAYS COST-PRICE SQUEEZE demands maximum feed and manage-
 ment efficiencies! Profitable "layer operations" don't just happen — they
 are the result of healthy birds, a carefully formulated balanced feed ration
 and feeding program plus a well planned, and properly executed, manage-
 ment program.

FARM BUREAU POULTRY FEEDS, backed by the nations most extensive
 Research Program, are formulated to help you produce eggs more
 efficiently and more economically.

FARM RECORDS, available upon request, reveal "Lower Feed Conversions" and "Lower Cost per Dozen Eggs"
 in both large and medium size flocks now on the Farm Bureau Improved Layers Feeding Program.

GET THE DETAILS TODAY — learn how you can produce eggs more efficiently — the Farm Bureau Way.
