## HUSK OR SHELL

### NEW OLIVER 74 MOUNTED PICKER-SHELLER

- Convertible. One basic unit—husking and shelling units easy to interchange in minutes.
- Big capacity. Roomy all the way through to handle heaviest yields...4- or 6-roll husking beds.
- Fits most tractors. Mounting brackets for Oliver and most other row-crop-type tractors.
- Quick mounting. Drive-in gathering-snapping unit... back-in shelling or husking unit.
- Saves corn. Low, wide gatherers...roller-type chains... on-the-go clearance of snapping rolls.
- Shells clean. Light-running sheller matches capacity of picker...rear delivery auger.

Come in now—get full details on this great new Oliver picker-sheller.

The next meeting will be Monday, July 27, at 9 a.m. at the High School.

### DONEGAL 4-H SEWING AND COOKING CLUB

Donegal 4-H Sewing and Cooking Club held a meeting recently in the Donegal Presbyterian Church. President Rebecca Kling presided at the meeting. Assistant song leader, Nancy Hoffman, led the club in two songs.

During the business meeting, Janis Bixler, chairman of the future activities committee, gave a report on the activities that are planned for the club. They are: swimming party, dogie roast and then

sleeping out, and the mother and daughter tea.

The sewing show and tell was given by Rebecca Reinhold. She showed the different types of basteing stitches. The cooking show and tell was given by Linda Neideigh. She showed how to make play-dough.

Kathy Ney and Glory Winters gave a health talk on the care of the teeth.

Two women from the extension office were introduced: Miss Warner and Miss Savidge. After the business meeting, the girls worked on their projects.

The next meeting will be held on July 28 at 1:30 in the Donegal Presbyterian Church.

### MANHEIM TWP. SEWING CLUB

The Manheim Township Sewing Club met on July 21, at the home of Dale Landis, Lititz Rd.

Mrs Landis is a professional cake decorator and demonstrated to the club on decorated cakes.

Refreshments were served after the demonstration.

Next meeting will be Tuesday, July 28, at 1:30 p.m. at the Manheim Township High School.

About 50 percent of the total land area of the township is used for pasture grazing.

## Mr. Dairyman:

## Are you managing your herd for profit?

Managing for profit must begin with your dry cows and bred heifers.

Management for profit calls for feeding the dry cow and bred heifer to accomplish three things;

- Build the unborn calf
- Build the cow's reserve

Stimulate the cow's milk-producing system so that she may produce to her in-bred ability

You can not expect last years top performer to repeat only because she has the potential.

She has to be fed for high production — and particularly when she is dry.

No other period in a cow's life has as great an influence on milk production as does the two month period just before she freshens.

Management for profit must also begin with feeding your dry cows PIONEER DRY & FRESH.

On PIONEER DRY & FRESH and the PIONEER Program your dry cows get the nutrients they need, and you can be sure that she will produce according to her capability.

Stop in soon or ask our servicemen about the PIONEER management for profit program, beginning with your dry cows.

There is profit in PIONEER.
