

Fulton Grange Holds Picnic

Fulton Grange 66 held their annual picnic on the Grange Hall grounds on Monday evening, July 27. Approximately 50 people attended. Clair and Miss Marie Murphy conducted several games.

The Grange ceiling was lowered by installing acoustical tile and new lights.

The next meeting will be held August 10 and will feature a flower show in charge of Mrs. Norman Wood and Mrs. Freeda Huber. Members are asked to bring exhibits to be judged in the following categories: potted plant, table arrangement, best wild flower bouquet, miniature arrangement, miscellaneous cut flow-

ers and best single species.

Mrs. Adeline Edwards will speak on the care of shrubbery. Mrs. Howard Steinberg will have a skit.

The Grange will be host to the Lancaster County Pomona Grange picnic on August 15 at 7:30 p.m.

Substitution Of Wheat And Feed Grain O.K.

To insure the greatest amount of flexibility in farm operations, substitution between wheat and feed grains are authorized under the 1965 programs. According to Fred G. Seldomridge, Chairman of the Lancaster County Agricultural Stabilization and Conservation Committee, this is a reminder for wheat growers who also grow grain.

The law provides for such substitution in the '65 wheat program, but it could not be put into effect for the '64 crop, because of the short time involved after the new law was passed by Congress.

Chairman Seldomridge said that the substitution applies on farms only if the farm has a feed grain base or oat-rye base, and a wheat allotment. The substitution provisions can be used by farmers who take part in both programs and make at least the minimum diversion for both wheat and feed grains.

As with this year's program, marketing certificates will be issued to wheat farmers taking part. But the number of certificates allotted to a farm, will not be increased because of the wheat-substitution. Certificates will be provided for the smaller of (1) the normal production of the wheat acreage allotment, multiplied by the domestic and export allocation percentages, and (2) the wheat acreage planted for harvest multiplied by the normal yield.

The total wheat production of farmers who carry out wheat program provisions, will be eligible for price-support loans, even though the wheat acreage is in excess of the allotment, because of the substitution provisions.

● Have You Heard?

(Continued from Page Nine) buttonholes with a buttonhole stitch, and re sew buttons with strong thread, leaving a thread shank so that the buttonhole can slip under the button without straining the fabric. Also check snaps, hooks and eyes. Resew any that are loose or likely to come off with the first wearing.

To Come in 1984

—Twenty years from now, the American homemaker will lead a life without housework. Plastic dishes will be disposed of after each meal, clothing will be made of disposable paper, and houses will be electronically dusted and deodorized. But for the time being, you'll continue to buy soaps, detergents, and other household supplies.

An Idea for the No-Breakfast Person

Hamburgers or watermelon for breakfast may seem way out to you. But it's not so much WHICH foods children eat so long as they supply needed nutrients, according to U.S. Department of Agriculture nutritionists. Since some children don't eat breakfast, an off-beat meal may tempt them to the table. For example, citrus fruit or juice is the best source of vitamin C, but watermelon and raw cabbage also contain vitamin C. Teenagers who balk at breakfast might go for watermelon in the summer or cole slaw with a hamburger.

Farm Women 4

Farm Women's Society 4 held a covered dish picnic, Saturday at Salunga Fire Pavilion Games for the children were held and a brief business meeting was conducted by the president, Mrs. Daniel Will. The society announced a donation to the Migrant Workers Fund. A County Picnic will be held Aug. 4 at Long Park and the next regular meeting will be Aug. 22 at 1:30 at the home of Mrs. Abram Sheaffer, Columbia R2.

● For The Farm Wife

(Continued from Page 9)

Ingredients and blend thoroughly. (Mixture will appear dry. With fingers, press on bottom and $\frac{1}{4}$ of the way up on side of pan to form crust. Place apples in large bowl; mix cup sugar, 1 tablespoon flour and $\frac{1}{2}$ teaspoon cinnamon; sprinkle over apples and turn to coat apples. Turn apples into crust; sprinkle with 2 tablespoons water and lemon juice. Cover pan with aluminum foil and bake 45 minutes; remove foil and continue to bake 15 additional minutes or until apples are tender. Serve warm topped with vanilla ice cream.

DAIRYMEN-CATTLEMEN

Here's the answer to your MANURE PROBLEMS

EASY WAY MANURE DISPOSAL SYSTEM

Saves Time—Saves Fertility

Just scrape or wash manure, bedding waste and feed into Easy Way holding tank. When you're ready, the powerful agitator and self-priming chopper-impeller pump will put the homogenized mixture into Easy Way liquid field spreader. No clog—no mess—no stink.
