**Mr. Dairyman:  
Would you spend \$1.00  
to get \$3.00 in return?**

Of course you would. Here's how!

Money spent for dry cow feed, if of the right kind and properly used, is like loaning money on sound collateral to be repaid in 90 days on the basis of \$3.00 return for each dollar loaned.

Feeding your dry cows the PIONEER way, may return your feed dollars back to you three-to-one.

A dry cow, fed only 600 lbs. of PIONEER DRY & FRESH may return as much as 2000 lbs. more milk.

PIONEER DRY & FRESH and THE PIONEER FEEDING PROGRAM gives the dry cow the nutrients she needs to maintain body reserves, produce a vigorous, healthy calf, and freshen strong, ready to go into top production and maintain the pace right through her lactation.

So why not put some money into that bank you have in your barn, and get it back three to one.

There is profit in PIONEER.

Stop in soon or ask our servicemen about the PIONEER DRY COW FEEDING PROGRAM.

REMEMBER there is a PIONEER FEEDING PROGRAM to fit your need.
