Unloads 5 tons in 5 minutes—by itself

It takes only 5 minutes to get to the bottom of a 5-ton load with a Gehl Self-Unloading Forage Box . . . even less time to check price and feature benefits of the Gehl. Choose the Gehl Forage Box size that suits your needs best. The Gehl is offered in both a 6'3" and 7' inside width. Both models come equipped with handy, up-front speed and clutch controls. A touch of the safety bar, across the front of the box, stops all unloading action immediately. Get your deal on Gehl now.

GEHL'S PTO POWER PARTNERS . . . lift the burden from your back, make your tractor payback more

4-H Club News

JOLLY STITCHERS

by Jane Smith

On August 26 at the Red Run Grist Mill, the Jolly Stitchers 4-H Club held its picnic. 27 members were present

In the afternoon the club went swimming. In the evening they had a picnic supper followed by games. The games were led by Ruth Gockley. Then the club held a business meeting.

Joyce Horst, vice president, presided over the meeting. It was decided that the club would have a Christmas party. The following were chosen

to head committees: Gail Smith, distribution of gifts; Jane Smith, food; Jean Miller, time and invitations.

It was also decided that the club would hold a fashion show. The following members were chosen to head committees: June White, time and invitations; Gail Smith, decorations, Sandra Snyder, food.

PENN MANOR 4-H CLUB

by James Hess

The August meeting of the Penn Manor 4-H Club was held at the Penn Manor High

School on August 25 at 8 p.m.

In the business session was decided to have a barbecue at the annual 4-H chicken barbecue. It was also decided that prizes would be given to the person selling the most tickets.

The Drumore 4-H Club were guests for the evening. Entertainment was provided by Mike Kemp, youthful musician. Skits were given by both the Penn Manor and Drumore Clubs.

The next meeting will be held September 22. The plan will be announced.

There isn't much fun in medicine, but there's a great deal of medicine in fun.

Mr. Dairyman:

Are you managing your herd for profit?

Managing for profit must begin with your dry cows and bred heifers.

Management for profit calls for feeding the dry cow and bred heifer to accomplish three things;

Build the unborn calf
Build the cow's reserve

Stimulate the cow's milk-producing system so that she may produce to her in-bred ability

You can not expect last years top performer to repeat only because she has the potential.

She has to be fed for high production — and particularly when she is dry.

No other period in a cow's life has as great an influence on milk production as does the two month period just before she freshens.

Management for profit must also begin with feeding your dry cows PIONEER DRY & FRESH.

On PIONEER DRY & FRESH and the PIONEER Program your dry cows get the nutrients they need, and you can be sure that she will produce according to her capability.

Stop in soon or ask our servicemen about the PIONEER management for profit program, beginning with your dry cows.

There is profit in PIONEER.
