

Lancaster County Poultry Assn.

On Tuesday, September 15, the Lancaster County Poultry Association will conduct their annual poultry tour.

Busses will leave from the Poultry Center on West Roseville Road at 7.30 a.m. Expected time of return is 6 p.m.

Tour members should bring their own lunches. These will be eaten in Hugins Park, and a dairy truck will be on hand with drinks.

The following places in Schuylkill County will be visited:

1 — Spread Eagle Farms — 80,000 cage layers, modern egg-breaking plant.

2 — Carl Farms — family operation — broilers, layers and turkeys; they do their own dressing and marketing.

3 — Twin Valley Farmers Exchange — egg caitoning plant — owner also contracts about 125,000 layers.

4 — Pioneer Tunnel — a real coal mining operation. There will be a \$1.00 admission charge to tour the mine.

5 — Blyler Fruit Farm — orchards, fruit grading station, and cider press.

The price for this tour is \$2.50 per person. Call your reservation in now. Fares will be collected on the bus. There

will be 78 seats (two busses); first come, first served.

Call Poultry Assn. office (Tues. and Thurs. only), or, Greider Farms — 653-1776, or, County Extension Office — 394-6851.

An auction is a place where, if you aren't careful, you'll get something for nothing.

big capacity in narrow rows!

Superpicker picks clean... non-stop!

Now you can pick or shell corn in narrow rows — 28" to 36" — two rows at a time with a Superpicker! New high-angled snapping rolls with patented snap bars keep you moving acre after acre, without plugging. Pick and husk... or pick and shell. New cage-type sheller interchanges with husking bed. It has big capacity, and load leveling corn thrower. Full year guarantee on picker and sheller.

Mr. Dairyman: Would you spend \$1.00 to get \$3.00 in return?

Of course you would. Here's how!

Money spent for dry cow feed, if of the right kind and properly used, is like loaning money on sound collateral to be repaid in 90 days on the basis of \$3.00 return for each dollar loaned.

Feeding your dry cows the PIONEER way, may return your feed dollars back to you three-to-one.

A dry cow, fed only 600 lbs. of PIONEER DRY & FRESH may return as much as 2000 lbs. more milk.

PIONEER DRY & FRESH and THE PIONEER FEEDING PROGRAM gives the dry cow the nutrients she needs to maintain body reserves, produce a vigorous, healthy calf, and freshen strong, ready to go into top production and maintain the pace right through her lactation.

So why not put some money into that bank you have in your barn, and get it back three to one.

There is profit in PIONEER.

Stop in soon or ask our servicemen about the PIONEER DRY COW FEEDING PROGRAM.

REMEMBER there is a PIONEER FEEDING PROGRAM to fit your need.
