BIG HAUL

Trustworthy Loyal Helpful Could be a description of your B-10 tractor, too. Be prepared to have it perform good turns for you every day.

Good deeds like hauling and mowing and tilling and rolling and throwing snow off of your driveway when winter comes.

It's eager, it's energetic, and versatile as a scout knife with umpteen blades. In fact, umpteen is precisely how many tools you can get for a B-10, same as a farmer buys his implements.

Don't be a tenderfoot... come on in and see us at B-10 headquarters and go first class! It'll do everything but tie knots!

phase
/ LAYER FEEDING

Now you no longer need to pay for higher protein levels than your layers are capable of using as they move through the phases of the production cycle. The new Wayne Low-Cost Phase Layer Feeding plan allows you to feed your layers what they need... when they need it. It keeps production and quality up, reduces your feeding costs by adjusting the protein requirements to meet the conditions in your flock... and it works for both cage and floor operations.
