

## MILK PRODUCERS

# Here Is Why It Pays To Use GREEN PASTURES Nutro-Sweet

1. A Dairy Feed Product developed by our Nutrition Department to aid in maintaining milk production when roughage quality goes down.
2. It **ECONOMICALLY** replaces the nutrients you are missing when your pasture suffers from the dry weather.
3. **VITAMIN A IS ALL IMPORTANT**  
So is Vitamin D. **NUTRO-SWEET** adequately replaces these essential vitamins which will not be found in a dry stemmy pasture or poor quality hay.
4. **MINERALS**, especially phosphorous normally found in good roughage now supplied by **NUTRO-SWEET**.
5. In Short **NUTRO-SWEET** is a very economical source of nutrients.
6. A good top feed for heavier producers or show animals.
7. Cows really enjoy its bulky course texture.
8. Nutro-Sweet is palatable and a good appetite stimulant.
9. Saves hay for winter feeding.
10. Economical to use — saves money — 4 lbs. Nutro-Sweet equal to 6 lbs. of top quality hay or 8-10 lbs. good quality roughage.

For an economical practical Dairy feeding and management program and better returns per feed dollar.

Contact any Miller & Bushong Service Representative for an appointment with our Dairy Specialist, or call us direct at Lancaster 392-2145.
