body type and the ability to transmit these attributes to offspring.

"Beauty" has five official lactation records averaging

14,791 lbs. of milk and 575 lbs. of butterfat. The 11-year-old cow was bred in the herd of Park C. Sheesley of Harrisburg, Pa., and purchased in dam by the Royers. She has three daughters

that meet or exceed qualification standards for both type and production. They are: Blossomelle Bonnie Lucifer (82), with six records averaging 15,861 lbs. of milk and 564 lbs. of butterfat; Blossomelle Hillmac Dandy B. (85) with five records averaging 13,809 lbs of milk and 541 lbs. of butterfat, and Blossomelle Ivanhoe Bambi (85) with a single record of 21,842 lbs of milk and 802 lbs. of butterfat. All production levels mentioned have been converted to a 305-day, 2X, mature basis for comparison purposes.

Nearly 500,000 U.S. organizations are tax exempt.

For the Farm Wife and Family

Ladies, Have You Heard? . . .

By: Doris Thomas, Extension Home Economist

Suggestions For Cleaner, Brighter Clothes

If you're not satisfied with the way your family's clothes look after laundering, you may want to try something different. Here are a few ideas:

Soil clothes more carefully, especially light from dark colors.

Use a short prewash soak with detergent. Check the temperature of the water in the washer. Make sure it is the right temperature for the load in the machine. You may need to increase the washing time.

Include a water conditioner in the wash water and the first rinse, and add another rinse if you think it's needed.

Soil clothes more carefully for tumble drying.

Worth Trying Anytime

To check the abrasiveness of a cleanser you use for bathroom fixtures, put a small amount of the cleanser between two pieces of glass. Rub them together. If the glass is scratched, the cleanser is too harsh to use on bathroom fixtures or on other porcelain or enamel pieces.

Blend instant minced onion with softened butter and prepared mustard. Spread mixture on bread and top with boiled ham and Swiss cheese. Put into a hot oven just long enough to melt the cheese. Makes tasty open-faced sandwiches.

For breakfast, a quick lunch,

THOMAS

or supper, serve hot ham

toast with poached eggs.

Spread toast with deviled ham,

then put in the oven at 350

degrees while you poach the

eggs. Top each slice of hot

ham toast with a poached egg

and serve at once.

Add toasted slivered almonds to chicken gravy just

before serving. The nuts give

a distinctive flavor and texture to the gravy.

To get just a few drops or

even a teaspoon of lemon

juice, you don't have to cut

a lemon. Simply warm the

lemon to room temperature

and jab a fork into it. Then

you can squeeze out as much

juice as you need and store

the lemon, without drying out.

until you need it again.

RED COMB CHICK STARTER
Helps Build
Your Profits

Right from the start . . . fast, safe chick growth!

That's what you want with the chicks you buy;

that's what you get when you start chicks off

with Red Comb Chick Starter. Add a bit of Red

Comb "C" Flakes the first day. It's flaked grains,

mostly . . . plus a touch of molasses. It helps get

your chicks to eating. Then, for seven weeks

feed Red Comb Chick Starter. It has everything

. . . everything chicks need for good health, fast

growth and rapid feathering. Red Comb Research

has expertly balanced 22 different ingredients in

Red Comb Chick Starter. Your chicks have the

advantages gained through a half-century of Red

Comb Research. They live, grow and hustle.

There is no better start for your replacement

flock.
