

**STANDARD DEALER GETS RECOGNITION AWARD . . .** Marvin Horst (center) of Lebanon, Pa., is shown as he is presented Standard Equipment's highest sales award by Sales Manager T. Tracey Preston at a company dealer seminar in Lancaster, Pa. last weekend. Mrs. Horst looks on approvingly at the left.

**Marvin Horst Gets Top Standard Dealer Award**

Over one hundred dealers and their wives, representing Standard Equipment, Inc., Bel Air, Md., manufacturers of dairy barn equipment, were in attendance on Friday when the company met at a dinner seminar at Lancaster, Pa. Host for the company at the day-long session was Territory Manager Walter Peeples while Mrs. Peeples acted as hostess.

Highlight of the meeting was the presentation of a top recognition award to Standard-dealer Marvin Horst, of Lebanon, Pa. by T. Tracey Preston, general sales manager. Horst has been a Standard

dealer for the past 28 years and is the oldest dealer in years of service in the company.

Preston expounded on the fine dealership Horst has built thru the years, and congratulated him in behalf of company president Albert H. Magness for his sales achievements. Mrs. Horst was likewise commended highly for the part she played in assisting her husband in his business.

**SNAKES ARE FRIENDS**

Blacksnakes are friend to the farmer, for they destroy field mice and moles and drive away rats from barns and graineries.

**PRODUCERS LIVESTOCK COOPERATIVE**

The 21st annual stockholders' meeting of the Producers Livestock Cooperative will be held on Saturday, March 20, at the Farm Bureau Bldg., Dillerville Rd., Lancaster.

Guest speaker will be Tom King, livestock extension specialist from Penn State University. He will discuss "Reducing cost of gain in feeding cattle." M. M. Smith, County Agent, will also be on hand.

Refreshments will be served.

More people are gainfully employed in supplying the world with food than in any other occupation.

**Complete automatic feeding for DAIRY COWS and CATTLE!**

VanDale

SILO UNLOADERS

Double augers deliver more silage per minute even when silage is deeply frozen . . . and at a lower operating cost. Patented V-paddle impellers throw . . . not blow . . . silage down chute. Adjustable drive hubs give positive traction in all types of silage.  
Three-point suspension keeps unloader level at all times.

**Plus a complete line of bunk feeders to meet your exact needs**

**Straight-out Auger Feeder**  
With VanDale units you can custom build the bunk feeding set-up to fit your needs. Drive section includes hopper, drive assembly and 10', high capacity 9" auger. Additional auger sections are in 10' units and are easily coupled.

**Feed-R-Flo Bunk Feeder**  
The new, all-metal complete feeder. High capacity 9" auger rotates within tube. Gives all-weather protection, even feed distribution, and lower operating cost.

**Conveyor Trough**  
An important link in automatic feeding. Positioned below silo chute, the VanDale conveyor trough carries the silage to the bunk feeder. Primary section includes hopper, drive assembly, and 10', 8" auger. Additional 10' auger sections may be added.

See us for modern automatic feeding equipment

Feed MORE Funk's-G Silage for greater profit

**Your Hoffman Seed Man has latest information on High Capacity Funk's-G Silage Hybrids for Lancaster County. He can also help you produce higher-profit yields of husking corn. Consult him today.**

**Lots of grain . . . lots of TDN that's what you want in corn silage . . . that's what you get in Funk's-G!**

Next fall your silage can be a higher-powered feed. You can produce more milkpower per ton of silage. The key is High Capacity Funk's G-Hybrids. Funk's G-Hybrids produce more tons of nutrients per acre—higher TDN content per ton of silage. And they let you move on up in yield with thicker planting and higher fertility.
