 Slides on the importance of conservation and many of its practices will be shown. Conservation projects often add value to the farmland, beauty to the countryside and better health and safety for the community. Individual projects may vary from testing soil and planting trees to organizing bird walks or making an aquarium to study life above and below water. Annual scholarships, educational trips and conservation medals are presented to 4-H members for completing exceptionally good projects. Award recipients are selected by the Extension Service.

 Bonds pay you a good return, Uncle Sam can put that money to good use helping to safeguard our freedom. And when you buy Savings Bonds, everybody gains — you and your county. Such bonds are a safe secure investment, and the government guarantees free replacement of your bonds if they are lost, stolen or destroyed.

Thousands of corn growers use this Trio of HIGH PROFIT PRACTICES:

- 1 Start with a high capacity FUNK'S G-HYBRID
- 2 PLANT IT THICKER
- 3 APPLY EXTRA FERTILIZER to feed the extra plants

'Aim for more corn from every acre!' Use the Funk's-G Trio of High Profit Practices — proven on thousands of farms.
