Meat And Potato Prices Continue Record Climb

Meat and potato prices continued climbing toward record levels in May, bringing another increase in cash returns to Keystone State farmers, according to the Pennsylvania Crop Reporting Service, State Agriculture Department

The average of prices received for all farm products As in the past, terminal allotments and carry out oth- production from the wheat Choice 140-200 lb. No. 3 pelt in mid-May in Pennsylvania ewes rose slightly over those of mid-April, but was almost 8 percent higher than a year earlier.

Potato prices rose to \$550 hundredweight the highest May price in 45 years. It was up 50 cents from mid-April and \$250 higher than a year earlier Pennsylvania growers, however, had few pota-toes left to sell, according to PCRS.

Most livestock prices were up. Hogś were bringing an average of \$20.30 per cwt., the highest since September 1958, with prices up \$260 from the previous month and \$5 00 higher than a year ago. Steer and heifer prices were \$1.80 higher than in April and \$3.20 above May quotations a year ago.

Slaughter cows and calves scored modest gains, while lamb prices dipped slightly from Easter season highs

Broilers and roasters were up half a cent a pound, with the price averaging three cents more than a year ago. Eggs, however, were down seven cents a dozen from a month earlier and two cents below the mid-May price last year.

Apple prices rose 40 cents a bushel as high quality fruit began moving in quantity from controlled atmosphere storage.

Prices of grain and hay fluctuated over a narrow range.

KUIPERS INTRODUCES NEW DUAL MEDICATOR

Hydraulic pressure, unaided by electricity or other boosters, provides the energy for a totally new, heavy duty, poultry, turkey, hog and other livestock medicator. The revolutionary and completely trouble-free flow responsive equipment is being marketed by Kuipers Bros, Inc.

According to Robert Kuipers, one of the principles of the distributing concern, the proportioner is described as 'the first major breakthrough in providing broiler, egg producers, turkey growers, hog and other farmers with a machine that has been skillfully engineered and built to provide uninterrupted, maintenance-at-a-minimum, precise medication"

The Twin Ranger Medicator is also said to introduce a novel concept in liquid medication operations. The proportioner can inject exact dosages of either compatible or non-compatible drugs, chemicals or additives of the most corrosive properties. It can be used as an applicator to spray poultry houses, barns and hatcheries.

County Farmers Bank...

A Friend of the Dairy Farmer

Stanley Musselman, manager of the Agricultural Department of Lancaster County Farmers National Bank, is shown congratulating Raymond F. Witmer, Refton, whose Guernsey herd has topped all Guernsey herds in the State of Pennsylvania, for four years.

Mr. Witmer, selected as Lancaster County's outstanding young farmer by the Junior Chamber of Commerce in 1956, owns and operates a 130-acre farm near Refton He was State Director of the Pennsylvania Guernsey Breeders Association for three

Recently elected to a five-year term as director of the American Guernsey Cattle Club, he is pastpresident of the Lancaster County Guernsey Breeders Association He has also served as director of the West Lampeter Fair Association and breed director of the Red Rose Dawy Herd Improvement Association. Holder of the title, "Outstanding Future Farmer of America for Pennsylvania," he was long active in 4-H work and in 1945 he received his American Farmer degree, the highest degree in the F.F.A.

County Farmers Bank is proud to have Mr. Witmer on its Board of Directors . . . proud, too, that its Agricultural Department, under Mr. Musselman's capable management, is able to work hand-inhand with Dairy Farmers all over the County.

If you haven't taken advantage of the help financial or advisory . . . afforded by this department, we would suggest that you come into the main office at 23 East King Street and visit Mr. Musselman at your first opportunity.
