

4-H Club News

STITCHERS ORGANIZE

The "Neat Stitchers" 4-H Clothing Club held an organizational meeting on June 2 in the basement of Stevens Hill Church of the Brethren. The following officers were elected: Jane Andrews, president; Joyce Keener, vice president; Linda Hilsher, secretary-treasurer; Michele Risser, assistant secretary-treasurer; Lois Gruber, news reporter; Lorae Harbold, assistant news reporter; Maryln Keener, game leader; Kathy Rhodes, assistant game leader; Jill Gerber, song leader; Betty Holbleib, assistant song leader.

Among other appointments, Jane Andrews was chosen to represent the club at the County Council; Jill Gerber was elected junior posture queen; and Kathy Rhodes was elected senior posture queen.

Twenty-three members were enrolled at the meeting. Several girls presented demonstrations — Michele Risser on equipment for a sewing box, and Maryln Keener on good grooming. A film, "Color and You," was shown.

The following local leaders were present: Mrs. Willis Shoemaker; Mrs. Mark Geyer; Mrs. Richard Andrews; and Mrs. Clyde Fink.

The next meeting will be held June 9 at 9 a.m.

Report Issued On Packaged Fluid Milk Sales

The U. S. Department of Agriculture has issued a report showing how fluid milk products are packaged and distributed in Federal milk order marketing areas.

Officials of USDA's Consumer and Marketing Service said the report describes the kinds and quantities of fluid milk products sold in Federal order markets; the size and type of containers used, with sales in glass containers and sales in paper containers shown separately. Another breakdown in the data divides retail and wholesale sales.

These special data, covering sales in November 1963, have been brought together and made available in response to many requests for such information, C & MS officials said. Similar data for November 1962 were issued in July 1964 under the same title.

Of practical use to the whole dairy industry, the data will be of special interest to container manufacturers, milk packagers and distributors and makers of milk handling equipment, according to C & MS.

EXECUTOR'S NOTICE

Estate of Bessye S Overdeer, late of Township of Lancaster, deceased.

Letters Testamentary on said estate having been granted to the undersigned, all persons indebted thereto are requested to make immediate payment, and those having claims or demands against the same will present them without delay for settlement to the undersigned.

FARMERS USE LIME

Lime materials sold in Pennsylvania for agricultural use in 1964 totaled 600,321 tons, according to the State Department of Agriculture.

Delmar K. Myers, director of the Bureau of Foods and Chemistry, said the reports were compiled from affidavits received by his office from manufacturers.

Agricultural limestone accounted for 556,790 tons; hydrated lime, 21,660 tons; burned lime, 14,299 tons; slag, 3,700 tons; miscellaneous, 3,872 tons.

Bees and wasps usually sting only when their nests are threatened or they are actually touched.

SAMPLE COPIES FREE

Copies of LANCASTER FARMING are not always easy to find — they are not sold on newsstands — and perhaps some of your friends may not be acquainted with our weekly service.

We'll be glad to send, without charge, several copies of LANCASTER FARMING to your friends or business associates. Just write their names and addresses below — (You'll be doing both them and us a favor!)

fed up with a plugged mower?

here's real non-stop mowing-conditioning

Now you can make hay without getting off the tractor seat. With this new flail mower-conditioner which does the work of a mower and a hay conditioner, you get plug-free non-stop operation in all kinds of hay.

It's great in heavy, down and tangled hay which plugs sickle bar mowers. Where your mower won't go, this machine will!

Does speedy job of shredding stalks, cutting weeds, clipping pastures. Available in 7-ft. and 6 ft. models. Windrow attachment available.

Mr. Dairyman:

Would you spend \$1.00 to get \$3.00 in return?

Of course you would. Here's how!

Money spent for dry cow feed, if of the right kind and properly used, is like loaning money on sound collateral to be repaid in 90 days on the basis of \$3.00 return for each dollar loaned.

Feeding your dry cows the PIONEER way, may return your feed dollars back to you three-to-one.

A dry cow, fed only 600 lbs. of PIONEER DRY & FRESH may return as much as 2000 lbs. more milk. PIONEER DRY & FRESH and THE PIONEER FEEDING PROGRAM gives the dry cow the nutrients she needs to maintain body reserves, produce a vigorous, healthy calf, and freshen strong, ready to go into top production and maintain the pace right through her lactation.

So why not put some money into that bank you have in your barn, and get it back three to one.

There is profit in PIONEER.

Stop in soon or ask our servicemen about the PIONEER DRY COW FEEDING PROGRAM.

REMEMBER there is a PIONEER FEEDING PROGRAM to fit your need.
