

Have You Heard?

(Continued from Page 9)
man-made fibers. Separate white and light colors from dark colors.
Hang cleaned garments on wire or wooden hangers to air and dry . . . never hang on plastic hangers.

Did You Know That
The secret of having something to show for your money planning to make your dol-

lars buy exactly what you need before they disappear in unexpected ways.

Potatoes in themselves are not fattening . . . it's what you do to them that makes them high in calories. A serving of plain boiled potatoes—a half cup diced—has about forty-five calories. But the amount of mashed potatoes with butter and milk has twice the number of calories

Fresh berries and cherries should not be stemmed and washed before storing in the refrigerator. Keep them whole and uncovered in the refrigerator and they'll retain their flavor and food value. Use these fruits within two days.

Ancient Greeks believed that clouds were Apollo's cattle grazing in the heavenly meadows.

Poultry Judging

(Continued from Page 1)
team a member must be carrying a poultry project in some form, and must be 14 years of age or over as of January 1, 1965.
Several practice sessions will

be planned in the near future to train and instruct those participating in this form of judging. Members interested are urged to contact the extension office immediately.

Now... two sizes

John Deere Rotary Choppers

Yes, sir, John Deere Rotary Choppers now come in two sizes. There's the 5-foot 15-A for average-acreage growers . . . and the 6-foot 16-A for large-acreage growers.

The rugged 15-A and 16-A are just the ticket for mechanical pasturing, chopping standing hay for silage, shredding brush and stalks, clipping pastures and handling many other jobs around the farm.

See us soon for full details.
