

## MILK PRODUCERS

# Here Is Why It Pays To Use GREEN PASTURES Nutro-Sweet

1. A Dairy Feed Product developed by our Nutrition Department to aid in maintaining milk production when roughage quality goes down.
2. It **ECONOMICALLY** replaces the nutrients you are missing when your pasture suffers from the dry weather.
3. **VITAMIN A IS ALL IMPORTANT**  
So is Vitamin D. **NUTRO-SWEET** adequately replaces these essential vitamins which will not be found in a dry stemmy pasture or poor quality hay.
4. **MINERALS**, especially phosphorous normally found in good roughage now supplied by **NUTRO-SWEET**.
5. In Short **NUTRO-SWEET** is a very economical source of nutrients.
6. A good top feed for heavier producers or show animals.
7. Cows really enjoy its bulky course texture.
8. Nutro-Sweet is palatable and a good appetite stimulant.
9. Saves hay for winter feeding.
10. Economical to use — saves money — 4 lbs. Nutro-Sweet equal to 6 lbs. of top quality hay or 8-10 lbs. good quality roughage.

For better returns per feed dollar contact any Miller & Bushong Service Representative for an appointment with our Dairy Specialist, or call us direct at Lancaster 392-2145.

## Farmers Inspect Feed Processing

### 4 STATE FARMERS VISIT

Dairymen and Beef Producers from Lancaster County, Eastern Pennsylvania, New York, New Jersey and Delaware visited Mr. and Mrs. Jesse Zeigler's, Wood-Lea-View Dairy Farm at Campbelltown, Pa., to see how they produce milk on home grown feed processed thru their two Harvestores.

### Dairy Ration

Zeigler's dairy ration consists of free choice Harvestore processed haylage and one pound of Harvestore processed high moisture ground ear corn to four pounds of milk, plus free choice home mixed minerals.

### Herd Health Improved

Zeigler told the visiting farmers, since he is on the Harvestore feeding program his herd health has greatly improved, his milk production is higher, butterfat is 3 to 4 points higher than it was when he fed baled hay, grain and dairy supplement mixture and corn silage.

### Harvestore Builds A Future

Mr. Zeigler said, "We definitely recommend the Harvestore Feeding Program, because our Harvestores have not only put us on the road to success by giving us a year-round feeding program that lets us get top production from our home grown, Harvestore Processed Feeds, but is also helping us build a terrific future for our sons."

PART OF WOOD-LEA-VIEW Guernsey herd are shown reluctantly leaving the choice, Harvestore-processed, home-grown feed which is augered to the feed bunk at their favorite eating place. —Adv.

## SAMPLE COPIES FREE

Copies of LANCASTER FARMING are not always easy to find — they are not sold on newsstands — and perhaps some of your friends may not be acquainted with our weekly service.

We'll be glad to send, without charge, several copies of LANCASTER FARMING to your friends or business associates. Just write their names and addresses below — (You'll be doing both them and us a favor!)
