

EARL WENGER and his vo-ag teacher at Solanco High School J. Richards Wood, discuss his 12-acre, FFA corn project. The corn was planted about mid-May, cultivated twice, and sprayed with 2, 4-D. He also has a six-acre hay project on the family farm at Quarryville. L. F. Photo

● Earl Wenger

(Continued from Page 1)
acres; only corn, alfalfa, and some oats or barley. The farm is operated on a three to four-year rotation. All crops are contoured and stripped, and sod waterways are used liberally.

Earl has been active in his FFA Chapter, and currently serves as secretary. His brother, Robert, who also lives on the home farm, was the 1963-'64 secretary of the State FFA association.

Next to dairying, Earl's favorite preoccupation is probably sports. He has played on the Solanco High

School tennis team for 4 years, and plays softball in the FFA, and Church leagues.

He has also been active in 4-H work for the past seven years. He served as treasurer of the Southern Lancaster County 4-H Holstein Club last year, and is its president this year. He has been selected as one of four youths for the 4-H dairy judging team to represent Lancaster County in the district competition at Hershey on August 27.

In dairy show competition, Earl finished third at the district junior show in 1963; fifth in the senior yearling class in this year's county

show; has shown every year at Solanco Fair, scoring seven first and second place wins.

Following graduation from high school, Earl plans to return to help operate the home farm with his father and brother.

FARM WOMEN NO. 1

The Society of Farm Women No. 1 will meet on Saturday, August 7th at 1 p.m. in Petticoffer's Grocery, Lititz R 4 with Mrs. Abram Bollinger and Mrs. Ira Sherrill as co-hostesses. Mrs. H. Nissly will be in charge of the devotions.

PRE-SEASON CORN PICKER SALE

SAVE \$500.

UNTIL SEPT. 1

Picks and husks an acre of 150-bushel corn in 40 minutes!

McCormick INTERNATIONAL 2-MH

Now's the time to put your corn harvesting on a better-than-ever paying basis with a 2-MH corn picker and/or corn sheller at bigger-than-ever dollar savings.

The McCormick International 2-MH Corn Picker gives you really big capacity to get crops out faster, gain

bonus bushels with many corn-saving features.

Buy before Sept. 1 and enjoy the biggest trade and best deal on the machine that outperforms any picker in its class. And our "pay as you grow" financing is as easy to take as the price!

When she freshens...

WILL SHE BE A TOP PRODUCER?

Management-for-profit the PIONEER way starts with feeding the dry cow. PIONEER feeding programs give to the dry cow the nutrients she needs to maintain body reserves, produce a vigorous, healthy calf, and freshen strong, ready to go into top production and maintain the pace right through lactation. The feed with the lowest price tag is not always a bargain. PIONEER feeds cost less because they produce more — earn greater profits. A dry cow, fed only 600 lbs. of PIONEER, may return as much as 2,000 lbs. more milk as a result, and 2,000 lbs. of milk at \$4/cwt. means a return of \$80 in extra milk production, a bonus profit.

There's profit in PIONEER. Stop in soon and talk over your operation with us. Remember, there's a PIONEER feed to fit your need.
