Have You Heard?

(Continued from Page 9)
less noticeable if you moisten a mild scouring powder, such as whiting, and apply the paste gently to the stain.

Remember to use paste wax on the locks and other metal fittings of the luggage

If you're planning to buy new luggage, give it a coat of paste wax before using it. A waxed surface sheds dust and soil and polishes easily.

Devices to Aid in Stitching

A Straight Line
A seam guide for your sewing machine is one of the best devices to help you stitch a

straight line. If a seam guide is not in your box of machine attachments, you can buy a guide to fit the machine bed. This guide is attached with a thumb screw and it is adjustable for accurate stitching.

A magnetic gauge is new on the market. It adheres to the metal base of the machine at the distance you wish to stitch.
