

For The Farm Wife

(Continued from Page 10)

- 1 pound cooked cubed veal
- 8 ounces lasagna
- 1 tablespoon cooking oil
- 1 pound Mozzarella cheese, sliced
- 1/2 cup grated Parmesan cheese

- 1 pound cooked cubed veal
- 8 ounces lasagna
- 1 tablespoon cooking oil
- 1 pound Mozzarella cheese, sliced
- 1/2 cup grated Parmesan cheese

To prepare tomato sauce, combine tomatoes, tomato paste, oregano, salt and pepper in large skillet or saucepan. Simmer mixture until it is of medium consistency, about 30 minutes. Add mushrooms and veal to tomato sauce. Cook lasagna in boiling salted water until tender, about 15 minutes. Drain.

Grease 9 x 13-inch baking pan with cooking oil. Put a thin layer of tomato sauce in bottom of pan. Top with a layer of lasagna. Add a layer of Mozzarella cheese slices. Sprinkle with Parmesan cheese. Repeat layers until all ingredients are used, beginning with tomato sauce and ending with Parmesan cheese.

Bake in moderate oven (375 degrees) 35 to 40 minutes. Makes 4 to 6 servings.

• Livestock Exposition

(Continued from Page 1)

for division; 85 feeder steers; 81 open class steers, 108 junior (4-H and FFA) steers, and 21 carcass steers.

Sheep will include 953 in breeding stock, 25 junior breeding sheep; 164 market lambs, and 80 carcass wethers.

Breeding swine total 513; market barrows, 606, and carcass barrows, 120.

Horses will include 78 appaloosas, a breed that will be in the show for the first time. Arabian horses, back for their second appearance, will total 136.

TEEN-AGE FATALITIES

The leading cause of accidental death among teenagers is the motor vehicle accident, the Pennsylvania Medical Society reports. At the age of 13 and 19, two-thirds of all the boys who die accidentally, and four-fifths of all the girls who die from accidents, are motor vehicle fatalities. The teen-age driver needs to learn to discipline his natural daring.

Ladies, Have You Heard? . . .

By Doris Thomas, Extension Home Economist

Some Reminders For Babysitters

Babysitting is a real profession, whether the sitter is a teenager or an adult. It's a job that should be taken seriously. Being responsible for young children imposes rigid rules.

There's more to babysitting than just being there sitting in an easy chair for a few hours. Doesn't qualify anyone for responsible child care.

Resourcefulness, common sense, and cleanliness are among the essential qualities required for a babysitter. It's not enough for the sitter to make sure the child washes his hands before a meal, she must be just as faithful about scrubbing her own hands with warm soapsuds before preparing and serving food. She must set an example of good grooming as well as good manners for her young charge. She must never come

THOMAS

to work in curls or spend time on the job fixing her hair.

Wearing clean, safe, and comfortable clothing increases the sitter's efficiency. Handwashing is important before touching or picking up a baby and before touching the baby's bottle.

If bathtime is included in the babysitter's schedule, she should allow for a little water-play in the tub. This helps to gain the child's cooperation.

The sitter who hopes to be invited back again always puts the house in order before she leaves. This includes washing all dishes and cooking utensils she used, then drying or stacking in the drain rack.

Complete automatic feeding for DAIRY COWS and CATTLE!

VanDale SILO UNLOADERS

Double augers deliver more silage per minute even when silage is deeply frozen . . . and at a lower operating cost. Patented V-paddle impellers throw . . . not blow . . . silage down chute. Adjustable drive hubs give positive traction in all types of silage.

Three-point suspension keeps unloader level at all times.

Plus a complete line of bunk feeders to meet your exact needs

Straight-out Auger Feeder

With VanDale units you can custom build the bunk feeding set-up to fit your needs. Drive section includes hopper, drive assembly and 10' high capacity 8" auger. Additional auger sections are in 10' units and are easily coupled.

Feed-R-Flo Bunk Feeder

The new, all-metal complete feeder. High capacity 8" auger rotates within tube. Gives all-weather protection, even feed distribution, and lower operating cost.

Conveyor Trough

An important link in automatic feeding. Positioned below silo chute, the VanDale conveyor trough carries the silage to the bunk feeder. Primary section includes hopper, drive assembly, and 10', 8" auger. Additional 10' auger sections may be added.
