Get big capacity and top quality with an Allis-Chalmers 303 Hay Baler!

The 303's wide 60" pickup handles light or heavy windrows—cleans the field! Twin-feed rakes move hay evenly into the baling chamber, comb out wads, to form tight, square bales. Grooves are formed on the bale to minimize twine or wire slippage. See the 303 and the complete line of A-C tools for haying!
