

**For The Farm Wife**  
(Continued from Page 8)

ange juice, margarine, and water. Stir into flour mixture. Add nuts and mix well. Turn into a 13x9x2-inch pan rubbed with margarine. Bake in a moderate oven (350 degrees) 40 to 45 minutes. Serve warm or cold with ice cream topped with Spiced Orange Sauce\*.

**SPICED ORANGE SAUCE**  
1/2 stick butter or margarine  
1/4 cup sugar  
1 tablespoon cornstarch  
1 tablespoon grated orange rind  
1/4 teaspoon salt  
3/4 cup orange juice  
1 tablespoon lemon juice  
1/4 cup water  
1/2 teaspoon nutmeg

Combine sugar, cornstarch, orange rind, and salt in a saucepan. Stir in orange and lemon juice, and water. Cook

over medium heat, stirring constantly until mixture starts to thicken. Add margarine and nutmeg and continue stirring until mixture thickens and comes to a boil. Continue cooking about 5 minutes. Serve warm over Cranberry Orange Pudding. Makes 1 1/4 cups.

**FULTON GRANGE MEETS**

Fulton Grange #66 held its semi-monthly meeting at Oakryn, Pa., Dec. 27 with Gyles Brown, Master, in charge of the business meeting. The hall was appropriately decorated for the Christmas party which featured a gift exchange.

Miss Agnes Spence, Lecturer, presented the following program: Group singing of Christmas Carols accompanied by Mrs. Adaline Edwards, roll call, "Favorite Christmas Carols"; reading,

"Medieval Christmas Tree," by Mrs. Chester Todd, Jr., and colored slides of the Great Smoky Mountains National Park by George Fry of N. Carolina.

The next meeting will be held January 10.

**FORMER COUNTIAN PENN STATE AGR. GRADUATE**

John S. Shenk, II, a native Lancaster Countian who formerly resided at Willow Street, graduated with high distinction from the Pennsylvania State University Saturday, December 11, 1965, receiving a Bachelor of Science Degree from the College of Agriculture. He majored in agronomy.

Shenk plans to begin graduate study at the Michigan State University in East Lansing as a graduate assistant in the crop science department.

He is the son of Mr and Mrs. William Shenk, formerly of New Danville, now residing in the county of Jordan

**For the Farm Wife and Family**

By Doris Thomas, Extension Home Economist  
**Ladies, Have You Heard? . . .**

**Some Things To Know About Color And Yourself**

Because colors affect your skin tone, eyes, and hair, be sure colors you choose make you feel right when you wear them.

A color is becoming when it helps your skin look clear and healthy. Also it should bring out the highlights of your hair and make your eyes sparkle. Becoming colors also flatter your figure and bring out your good features.

Colors must be appropriate to the occasion, but today some version of almost any color is suitable.

You can't choose a color without considering your own personal coloring. You're

either a warm-toned person with tanned skin, brown eyes, and brown hair, or you're a cool-toned person with pink skin, blue eyes, and blonde hair. All other combinations tend toward either the warm or the cool.

When you wear colors related to your skin tone, you give emphasis to it. If you're a warm-skinned person, you can use earthy, warm colors, or contrasting dark bright colors to bring out the more glowing tones in the warm skin.

Actually you can wear almost any color if you choose the right lightness or darkness and the correct brightness or dullness. Try a variety of values and intensities near your skin to see what they do for you.

**Solutions to Some Familiar Wood Finish Problems**

Never let a damp cloth lie on a wood surface, whether

the cloth is damp with water or any other liquid including furniture polish. The dampness could damage the finish because the moisture will be trapped under the cloth and can't evaporate.

Extremes of temperature and humidity, overexposure to sunlight, or just plain aging of the furniture can cause checking and cracking of a wood finish. An application of paste wax will improve the appearance if checking is not severe.

Sometimes you can hide scratches on dark wood with an applicator of a paste shoe polish in the brown shade.

business-minded farm family can do in agriculture today. Tomorrow, with the aid of computerized planning and increased mechanization, who can say where the limit of their producing ability may be?

**DEATHS IN THE HOME**

NEW YORK — Deaths in home accidents in the United States dropped 2 percent, from 29,000 in 1963 to 28,500 in 1964, according to the Insurance Information Institute. More than two out of five such fatalities resulted from falls.
