

Extension Service To Hold Two Meetings For Cattle Feeders

M. M. Smith, Lancaster County Agent, announced this week that two cattle feeder meetings have been scheduled for the Milton Brecht School, Lititz Pike. The first one will be held on Monday, March 14. Louis Moore, livestock marketing specialist, will discuss "Cattle and Feed Outlook." Another Penn State extension specialist, Lester Burdette,

will speak on "Cattle Rations and Lower Feed Costs."

On the following Monday evening, March 21, the subjects of "Cattle Housing, Equipment and Automation" will be handled by livestock specialist Burdette, and extension veterinarian Dr. Sam Guss will talk about "Healthy Cattle Return Greater Profits."

Both meetings will begin at 8 p.m., Smith said. Anyone interested in the important business of feeding cattle is invited to attend.

● Maresch

(Continued from Page 1)

with SCS in Erie, Pa. in 1955. He held SCS posts in Indiana, Carlisle, and Harrisburg, Pa. before coming to Lancaster.

Maresch has made many friends in Lancaster County, and has been an active and enthusiastic voice in the continuing cause of conservation in the area. Though sorry to see him leave, we join those friends in wishing him well in his new post.

PROFIT WITH NEW VARIETIES OF STANFORD'S Seeds For 1966

SENSATIONAL IMPROVEMENTS IN FARM SEEDS PRODUCING TREMENDOUS QUANTITIES OF FEED AT TOP ACRE EFFICIENCY

Choose the Right protein level for your cows...

USE	WITH
14%	For good legume hay, good pasture
16%	Fair legume hay corn silage with excellent legume hay
18%	Fair grass hay poor legume hay, corn silage with good legume hay
20%	Poor mixed hay, corn silage with poor hay

Without changing feeds

WAYNE 32% Dairy Krums
An all-vegetable protein supplement for premium nutrition. Contains added vitamin A & D sources. Also available with extra 10,000 units of vitamin A per lb.

WAYNE 42% Dairy
Combines the economy of urea with vegetable protein. Also available with extra vitamin A.

You can change your protein level in your dairy grain ration by simply varying the amount of Wayne Dairy Supplement you add to it. Thus when a change in roughage dictates a change in protein level, your grain ration has only a moderate change in taste and formula. No need to make Bossy change to an entirely new grain ration at the same time she changes roughage! Wayne Dairy Supplements are economical too—let you utilize home grains to make a top-quality dairy ration.
