**2 power sizes,
3 crop clearances**

The 38 h.p. 1020 and 53 h.p. 2020 can be yours with 17, 20, or 24 inches of crop clearance

When we say 2 new tractors, we really mean 6 — because the totally new "1020" and "2020" Tractors are both available in three different models. The LU Model is designed for utility jobs where compactness counts. It has a low hoodline and 17 inches of under-axle clearance. The RU Model has 20 inches of crop clearance, making it just as much at home cultivating row crops, as mowing alfalfa or loading manure. With 24 inches of crop clearance, the HU Model is ideal for the farmer who needs extra clearance and also desires a compact, highly stable tractor. Stop at our store soon . . . see all three models in both power sizes.
