The top four speakers will compete next week against the York County winners at Penn Manor High School for the area championship.

The judges in the contest were C. F. Thompson, John Myers, and Ralph Travis, all York County vocational agriculture teachers.

Some of the criticisms offered by the judges included: reading the speeches and losing the place from time to time; voices generally needed more emphasis, less monotone; hand motions should be timed to match points in speech; speakers too tense in some cases; speech too short (supposed to have each run appro-

ximately 20 minutes); and some speakers talked too fast; the judges concluded.
