

Hibshman Is Big Dutchman Ass't. Manager

Titus Hibshman, branch administrator for Big Dutchman, Inc., has been promoted to assistant manager of the Big Dutchman Pennsylvania Branch, according to an announcement by the Zeeland, Michigan firm this week.

Hibshman, presently residing at East Earl R1, has been associated in various capacities with the poultry industry in Lancaster County for the past fifteen years.

Mr. and Mrs. Hibshman, both natives of Lancaster County, are the parents of five children.

said, adding that 10 tons of manure and a rye cover crop were plowed down.

The six counties cooperating in the uniform corn study are Lancaster, Berks, Lehigh, Franklin, Lebanon, and Montgomery.

In the corn weed control study on the Thomas farm, Lueck reported that the following herbicides were being tested: Atrazine plus Lorax; Atrazine; Ramrod; Banvel-D; Banvel-D plus Atrazine; Knox-weed; and Atrazine plus oil.

All of these, with the exception of Atrazine plus oil, were applied pre-emergence, Lueck said.

Office by June 18; they will be judged on June 20.

The three judges—Mrs. Doris Thomas, county home economist; Mrs. Sandra W. Mock, Lancaster, a former home economics teacher, and Miss Faye Binkley, home economist at U.G.I.—will select the top three recipes in each of the five categories. The winners will be notified to prepare their recipe at home and take it to the Lancaster Farm Credit Bldg. at 12:30 p.m., June 28, where it will be judged again. Winners in each category will receive \$10. Then, an over-all grand winner, a second, and a third will be selected. The prize winners will be announced at the Princess Pageant on June 30.

IH Dealers Win Farm Equip. Sales Awards

Two Lancaster County International Harvester dealers received awards this week, according to an announcement by the IH firm.

Paul R. Cope and H. Carl Weaver, both of Cope & Weaver Co. in New Providence, and Ira H. Kauffman of Kauffman Brothers, Mountville, were recognized for their outstanding accomplishments in a recent retail tractor, baler and related equipment sales campaign called "Lead the Leaders."

The dealers' wives were particularly pleased, they said, since the awards were prize point checks redeemable for merchandise from a prize catalog.

QUALITY FERTILIZER — QUALITY TOBACCO

QUALITY fertilizer is a determining factor in growing QUALITY tobacco. Use AGRICO special plant food.

4-8-12 4-8-16 7-7-7

AGRINITE — the all ORGANIC plant food for top dressing tobacco plants. Use now and periodically until tobacco is planted.

Won't burn, will develop good root system as well as a tough green healthy plant.

The Jamesway Volumatic distributes evenly from top to bottom. No feed separation.

BIG J DISTRIBUTOR/UNLOADER

distributes feed uniformly — gives you 20% more capacity

Two machines in one! The Big J works in any season — as a silage distributor, as a silo unloader. At filling time, the Fill-O-Matic distributor revolves to direct feed to the wall of the silo — cob, corn, stalk, grass and leaf particles stay mixed evenly for ideal compaction, fermentation and preservation. No uneven, off-center loading which causes dangerous pressures against silo wall. Ends hand labor in the silo because the Big J is completely mechanical!

Positive delivery unloader! The Big J unloads evenly, too, with Power Circle Drive and 3-Point Suspension. You can remove fluffy, newly cut haylage immediately — no waiting for feed to settle.
