

LOOKING OVER THE LARGE FARM POND on the William Arrowsmith farm at Peach Bottom R1, is Abner Houseknecht, SCS technician. Arrowsmith, a well-known breeder of Jersey dairy cattle in Lancaster County, built this pond as a source of irrigation water. It is also occasionally used by the family for swimming. L. F. Photo

**GET A \$15 ALLOWANCE**

**AND A MONEY-BACK  
GUARANTEE  
OF SATISFACTION**

*when you trade in your old water heater on an approved  
ELECTRIC WATER HEATER*

*Offer good May 16 - July 2*

**HERE'S ALL YOU DO:**

Tell your electric appliance dealer or plumber you want to trade in your old water heater, regardless of type or condition, under PP&L's offer. (Most dealers and plumbers are participating in the plan. If yours is not, call your nearest PP&L office for the names of participating dealers and plumbers near you).

Take your choice of either a 40-gallon, or larger, quick-recovery water heater, or an 80-gallon, or larger, NEMA standard water heater. The dealer or plumber will then credit you with \$15 toward the purchase price. He will remove your old water heater when he installs your new one.

When the installation has been certified by PP&L as being eligible for the Company's low-cost water heating rate, PP&L will give you its Certificate of Guaranteed Satisfaction, covering both cost of operation and performance for six months after date of installation.

**CONSIDER THESE MANY ADVANTAGES:**

You'll prefer heating water the flameless electric way because it's *dependable . . . clean . . . automatic . . . safe . . . convenient . . . carefree . . . modern . . .* and, best of all, it's *economical* under PP&L's low, low rate of only one cent a kilowatt-hour.

And, what's more, because your new electric water heater is flameless and needs no flue, it can be placed anywhere—in a closet, under the counter, in the basement or in the garage.

Install an electric water heater now while you can get the \$15 trade-in allowance and PP&L's Guarantee of Satisfaction, and assure yourself and your family of all the hot water you need, when you need it.
