

Area 4-Year-Old Holstein Sets National Record

A new level of production performance for junior four-year-olds milked twice daily under official testing supervision has been established by an area registered Holstein cow. For the second time, Sinking Springs Ivan Bright (VG) has established a first place national record.

Her current success is a 365-day lactation of 31,820 pounds of milk and 1,216 pounds of butterfat, started at four years, five months of age. She is now owned by Sinking Springs Farms, Inc. of York, Pennsylvania, her breeder was the late Louis J. Appeli, former owner of the Sinking Springs herd.

"Bright" earned national acclaim in 1964 when she completed a junior three-year old, first place record of 23,600 pounds of milk and 933 pounds of butterfat. This still stands as a first place national mark for that age group.

In 305 days of her latest lactation, "Bright" had 27,900 pounds of milk and 1,059 pounds of butterfat, which was a first place milk and second place butterfat record in her home state. Nationally, the ten-

month production ranks second for milk and fifth for butterfat among registered Holsteins milked twice daily in the junior four-year-old division.

The new record holder's current milk record displaces the former class leader who

has worn the crown since 1958 with a long-standing lactation of 31,662 pounds of milk in 304 days. "Bright" was sired by Osborndale Ivanhoe (EX-GM), and is out of the homebred dam Sinking Springs Col Star (VG). According to Holstein-Friesian Association of America, "Bright" is the 351st cow to produce over 30,000 pounds of milk in a single lactation under official test supervision. Her new national record was completed under DHIR testing, conducted in cooperation with Pennsylvania State University.

J. Paul Martin

Martin Named To Top 20 Club

J. Paul Martin, 808 Broad St. Akron District Representative for Allis Chalmers, Harrisburg Branch in Lebanon, Lancaster and Chester Counties, has been awarded the honors of the "Top 20 Club" for the third time. Membership to the club is based on sales and business management and is awarded annually to 20 men in North America.

Martin was presented for membership ceremonies by Ralph English, Sales Manager of the Harrisburg Branch. The citation was given by Robert Engle, chairman of Planning and Marketing, W. G. Scholl, president, presented the certificate of membership.

Lititz 4-H'ers Receive Awards

Max Alice Graybill, Lititz R2, and James E. Kettering, Lititz R3 were presented with \$100 scholarships Tuesday by the Kiwanis Club of Lancaster.

The winners were selected from among five applicants each of whom wrote an essay on What 4-H Club Has Meant to Me. Contestants were judged on the basis of their 4-H Club records and need, according to John C. Long Sr., chairman of the club's agriculture committee.

Miss Graybill is a sophomore at the Pennsylvania State University of Indiana and Kettering will be a freshman at The Pennsylvania State University.
