Interest Sought For Area Home Economics Assn.

Are you a home economics graduate? If so, would you be interested in having a local home economics association?

According to Mrs. Bernard O. Bradley, Lancaster School District Home Economics Supervisor, many women have requested such an association. Mrs. Bradley is presently working with a group of county home economists to survey the extent of such interest.

The group is planning its first meeting for September, and is interested in hearing from any home economists favorable to the idea of such an association.

Mrs. Bradley can be contacted at 1821 Anne Ave., Lancaster.

NFU Announces Staff Changes

The National Farmers Union recently announced two changes in staff at the national level.

Dwyte Wilson, who has been

general manager of Agricultural Associates, Washington, D.C., has been appointed by president Tony Dechant as NFU's director of organization

Kenneth L. Motz, assistant secretary since 1949, was appointed NFU secretary-treasurer. Motz began work with NFU in 1942, taking leaves of absence for both World War II and the Korean War.

Wilson joined the NFU staff in 1958 as head of the Division of Project Development, an activity closely related to organizing in the newer Farmers Union states.
