

Weather Forecast

Don't look now, but the weatherman says the worst of the heat wave is past. Temperatures will average below the normal range of 87-66 degrees over the next five days. Cooler for the weekend, somewhat warmer

Monday and Tuesday, then cooler Wednesday as a front moves in.

The rainfall outlook is not quite as bright, however. Precipitation is not expected to total more than 1/2-inch during the period, and that will occur about Tuesday as a general rain.

You Get Efficient Egg Production

when you feed FUL-O-PEP

It takes only a small increase in dozen eggs per ton of feed to make a big increase in profit margin.

For example, suppose you are now producing a dozen eggs on 4 lbs. of feed. If you can save just .3 lb. feed per dozen, you can get an extra 40 dozen eggs from every ton of feed. Top feeding efficiency gives you those extra dozens that mean extra profits.

Ful-O-Pep Egg Feeds are noted for their high efficiency. That's why you'll find some of the nation's most efficient feeders wherever Ful-O-Pep is fed.

The ONE, TWO PUNCH that KNOCKS OUT Haymaking Problems

NEW **McCormick INTERNATIONAL**

816 MOWER-CONDITIONER

Mows, conditions and windrows in one simple operation. Because it uses a revolutionary new Flick-Bar instead of a reel, the 816 costs less at the start... costs less to maintain... and works in anything from clover to tallest sudan hybrids without bunching or tangling. You also

get balanced-head mower action, full-width conditioning rollers with quiet poly V-belt drives and a new three-knuckle PTO drive assembly that delivers smooth power in the tightest turns. In 7 or 9-foot cutter-bar models.

NEW **McCormick INTERNATIONAL**

27 BALER

Make full use of good haymaking hours with the 27 Baler. You'll pack your crop away at a rate of up to 14 tons per hour. With a big 52" wide pickup and 2 1/2" flare, you take the entire windrow without driving over any of it. Feeder tines gently

move the hay into the baling chamber with no damage to protein-rich leaves. And just like bigger IH balers, the 27 has a big heavy-duty power train and famous 3-phase knotters that tie bales 17% stronger.
