

# Weekly Poultry Report

## Eastern Pennsylvania And New Jersey WEEKLY SUMMARY

### LIVE HENS

Prices unchanged to 1/2 cent higher on light hens; lighter supplies short of needs. Marketing of some flocks delayed as a result of large egg prices. Trading very limited on heavy hens, but with supplies plentiful; an occasional flock brought 14 1/2 cents.

Prices paid at farms for light hens, 9-11 cents, mostly 9 1/2-10 1/4; heavy hens, too few sales to report.

### TURKEYS

A few heavy hens averaging 16 lbs. sold for 24 cents; trading light. Occasional inquiry noted for Toms over 26 lbs., but supplies very light.

### Fogelsville

July 26, 1966

Hens, Light 9-11 1/2, mostly 9 1/2-10; Hens, Heavy 9 1/2-15, mostly 11-14; Pullets 12-28 1/2, mostly 26-28; Roasters 10 1/2-27 1/2; Turkeys, Hens 32 1/2-36 1/2; Rabbits 12-34, mostly 28-32. Guineas 45-55; Pigeons (per pair) 32 1/2-100, mostly 32 1/2-60; Jumbo Squabs 75  
Total Coops Sold 621.

## Eastern Shore Exchange WEEKLY SUMMARY

Lot-average broiler and fryer prices this week averaged 16.63 cents per lb. off 1/2-cent from last week's average.

Prices paid during the week ranged from a high of 17.8 cents on Monday to a low of 16.0 cents on Monday and Thursday.

Sales for the week, up 1/2-million head over the preceding week's total, reached 1.8 million head.

### Delmarva

July 29, 1966

Broiler and fryer lot-average prices declined 1/10-cent today to a level of 16.56 cents per lb. Demand good for moderate auction offerings. Live supplies adequate for needs though sizes running larger than desired in instances.

Estimated slaughter for today and Saturday, 961,000 head, compared to 982,000 head last weekend.

In the 24 hours preceding market close today, prices paid at farms for broilers and fryers ranged 16.0-17.1 cents per lb on reported purchases of 1.1 million head.

### A.B.C.

(Continued from Page 1) to the stud will comment on their progeny's characteristics. ABC president J. Lewis Williams of Uniontown will also appear on the program, Yoder said.

Bus tours are being arranged from distant points by personnel in each area. A large tent will be erected especially for the "Parade" activities. Tickets for the barbecue are being sold for \$1 per person by the co-op's technicians.

### Chicago

**THIS IS A  
TRUCKLOAD  
OF EXTRA  
PROFITS**

For every ton of lime a dairyman applies, he gets back an extra ton of milk during his rotation. With lime worth ten dollars a ton, and milk figured at eighty, that's a nice return.

Every crop you plant can benefit from correct applications of lime. Your fertilizer will work better. Soil organisms thrive. Organic matter releases nutrients more rapidly. Soil structure is improved. More trace elements become available.

And now is the time to spread lime. Equipment is ready to work for you. The land is firm and dry. Whether you plow this fall or next spring, the lime will be there, ready for plowing down to the root zone. Call your Agway store or representative and ask for immediate spreader service. But do it now.

ORTHO Agronomist will be present to test your corn — using the latest tissue-testing techniques. He'll help you determine how well your fertilizer program is meeting the crop's needs.

Here's what you do.

1. Cut a typical plant from each of three areas you want tested.
2. Bring the entire plant (with leaves attached) to the Health Center.
3. An ORTHO Agronomist will make an on-the-spot test for nitrogen, phosphorus and potassium in the plant tissue.
4. No charge! The Agronomist will plan to test 3 plants for you.

The Crop Health Center will be open from 1 to 5 P.M. and 6 to 8 P.M. on Wednesday, August 3rd at our new warehouse, Smoketown.
