**New John Deere
237 Corn Picker
raises the speed limit
in high-yield corn**

Shift up! Pick at speeds up to 5 mph, even when yields run well over 100 bushels. Long, tapered gatherers and high inside shield, funnel stalks right in. Even tangled stalks seldom escape three roller-type gathering chains. There's new gathering and snapping speed. And the 237's spiral snapping rolls cut shelling loss in half. Faster elevators with higher flights move corn up fast. Trash goes too, aided by new rotating trash paddles. New husking rolls—cast-iron spirals against serrated rubber—peel husks, pull trash through. You pick clean. See the new 237 soon. Ask about the Credit Plan.

● Have You Heard

(Continued from Page 15)

A child has to learn how to act. He learns from people around him.

The most important examples in a child's early life are his mother and father.

Parents and family are very important teachers. Children learn things at home that they can't learn anywhere else.

Be Prepared For Accidents

If an accident happens in your home, don't panic. To help you meet a situation:

Keep a first-aid kit handy and know how to use it.

Keep a list of emergency telephone numbers at the telephone.

**ALFALFA SEEDING
Fertilizer Program**

GET AN EXTRA CUTTING!

**FD-100
ALFALFA**

Early vigor, amazing regrowth after cutting, and good fall growth means you'll get at least one extra cutting from P-A-G's fabulous FD-100 alfalfa.

Erect growing habit and exceptional standability lets more sunlight down to the lower leaves... speeds growth... assures a very high leaf-to-stem ratio.

FD-100 is a French variety with good resistance to mildew and disease.

If you want the best, plus an extra cutting... select P-A-G's FD-100!
