

THIS AGED COW, Beauty, shown here with owner Robert Weaver who raised her from a calf, produced 14,990 pounds of milk last year, according to Weaver's owner-sampler records. She is one-third of Bob's present milk herd, though he hopes to expand into a full-fledged dairy operation following graduation next year from Lampeter-Strasburg High School. L. F. Photo

the State Poultry Queen title next week during the Annual Poultry Festival.

The Poultry Festival will be held at Hershey August 23-28, corresponding with Pennsylvania Dutch Days Festival Week chairman E. Marvin Herr of Willow Street R1 announced that judges for the Queen Contest will be Kay Cooper, Fashion Coordinator of Pomeroy, Harrisburg; Lloyd Kaiser, manager, WITF-TV, Hershey, and Jan Pettin, Emiles Hair Dressing Academy, Lancaster. Robert Malick of WGAL-TV, Lancaster, will serve as master of ceremonies.

Miss Wivell is a 1966 graduate of Donegal High School where she took the academic course. She plans to pursue a career in home economics, and hopes to start college next year. Presently she is working with the Maytown center of

Project Head Start.

Last Friday, Miss Wivell was a winner in the 4-H county dress revue roundup; she will be one of six girls representing Lancaster County at the district dress revue Monday at Philadelphia.

Miss Wivell is a member of both the Donegal Sewing and Cooking Clubs, and of the Elizabethtown-Donegal 4-H Community Club. Her chief hobbies are horseback riding, sewing, cooking and, when she gets time, reading.

One of the following six girls will be crowned 1966-67 Pennsylvania Poultry Queen at 3 p.m. on August 27 by reigning Queen, Ruth Konhaus.

Miss Wivell, Donna Jean Heagy, Lebanon County; Ruth Ann Breisch, Schuylkill County; Mary Ann Ruskovich, Northumberland County; Judith Ann Ely, Northeastern Pennsylvania; Loretta Sweitzer, York County.

interest is dairying, and his budding herd presently consists of three grade Holstein cows and one heifer. But in addition to his dairy work, he has carried projects in tobacco, swine, and corn during the past three years.

Weaver presently holds the County FFA's highest office, and is also president of his local chapter.

Operation of the Weaver farm was taken over earlier this year by Bob's older brother, Young Weaver, who does some work for his brother on the home farm, and also works for a neighbor. He provides the capital, labor, and man-

Can a change of feed give you 10% more milk?

Yes!...according to dairymen who have changed to new Ful-O-Pep Cattle-izer Dairy Feed

Many herds on Ful-O-Pep Cattle-izer Dairy for a full year report increases of 10% to 20% more milk—compared to the previous year on another feed. The extra efficiency of Ful-O-Pep is increasing net return per cow considerably for these dairymen.

The new concept in dairy feeding nutrition—Cattle-izer—allows the cow to get as much as 20% more available energy from the same amount of feed. That's why a ton of new Ful-O-Pep Cattle-izer Dairy can give you as much milk-making potential as 2200 to 2400 lbs. of regular feed.

See what Ful-O-Pep Cattle-izer Dairy can do for your profits!
