**It's Worth Knowing**  
 Buy U.S. Grade A or AA eggs for fry-  
 ing and hard cooking. U.S. Grade B eggs  
 would be a good buy for scrambling or for  
 use as an ingredient in cakes and casseroles.  
 The size of the egg has no bearing on its  
 quality. Instead you might prefer Extra  
 Large or smaller Mediums. When you com-  
 pare prices, check both the size and the  
 quality grade.

Sauerkraut originally came from China.  
 Back in the Third Century, B.C. a Chinese  
 emperor added a form of kraut to supple-  
 ment the rice diet of laborers building the  
 Great Wall. His cabbage . . . fermented in  
 rice wine . . . improved his men's nutrition  
 and became an international the grade. Choose higher  
 food. Rich in ascorbic acid and grades when high color is im-  
 low in calories, sauerkraut is portant, lower ones when  
 also easy on the budget. economy is more important.

Broiler and fryers are about  
 9 to 12 weeks old when mar-  
 keted. Because they are young  
 birds, they will be tender.

If you plan to buy a large  
 beef purchase from a freezer-  
 supplier, list the cuts and size  
 and be careful about picking  
 a reliable firm. Choose a grade  
 high enough in quality to be  
 worth freezing. Most consum-  
 ers prefer U.S. Choice. No  
 meat is a bargain unless your  
 family will eat it . . . so buy  
 quality meat. Remember . . .  
 the hindquarter will have  
 more steaks and roasts, the  
 forequarter more pot roasts,  
 stew, and ground meat

When you want a top-qual-  
 ity apple, buy U.S. Extra Fan-  
 cy, U.S. Fancy, and combina-  
 tion U.S. Extra Fancy and U.S.  
 Fancy. For red apple varieties,  
 the redder the skin the higher

**Kitchen Tools**

Tools in your top kitchen  
 drawer should prove their  
 worth through frequent use.  
 Tools seldom used may not be  
 worth the space they take and  
 may well be discarded. The  
 portions your family prefers,  
 very minimum tools you need  
 include measuring kit of  
 stacked cups, spoons, and glass  
 measure; tongs; turner, rotary  
 beater, portable hand mixer, or  
 standard mixer; grater, paring  
 knife and slicer; French cook  
 knife; two sizes of spatulas;  
 openers, and rubber spatula

**Mow Grass Until Growth Stops**

Grass allowed to grow high-
