...THE ONLY COMPLETE SOIL FUMIGANT

It takes a complete soil fumigant to protect your tobacco crop from soil pests to insure a healthy start for every plant. Vorlex is the only complete soil fumigant on the market today. Don't fool around with "part-job" fumigants . . . insist on Voriex - the complete, whole-job soil fumigant -you'll get more pounds of tobacco per acre - more profits too!

APPLY VORLEX IN EITHER OF TWO EASY WAYS!

Row Fumigate— All types of nematodes, soil disease, and weeds, can be controlled by Vorlex when it's applied as a row fumigant . . . and at a cost starting as low as \$20 00 per acre!

Or Broadcast (overall) Fumigate -Vorlex can also be used as a broadcast fumigant to control nematodes, soil disease, and soil insects.

Either method-of Vorlex application can provide a healthy stand with even growth, plus uniform maturing and a bigger yield.

Each year Vorlex fumigate your entire tobacco acreage . . . get more tobacco per acre – more profits for you.
