

Fulton Grange #66 held its bi-monthly meeting at Oakryn

MASTER MIX

SWEET BULK 'N FLAKES

Master Mix Sweet Bulk 'n Flakes the new low-cost silage preservative is the greatest dairy feeding discovery in 25 years!!!

Sweet Bulk 'n Flakes has unmatched absorbency that insures the silage against loss of water soluble vitamins and amino acids through liquid run-off. Sweet Bulk 'n Flakes molasses content provides the right acid conditions for proper fermentation. If you haven't tried Master Mix Sweet Bulk 'n Flakes . . .

Fulton Grange observed "Grange Week" April 20 by holding a special meeting to receive membership applications. Both teams made new gains, the "Peapickers" team being in the lead again. There will also be degree rehearsal for all the officers.

Mrs. Stanley Stauffer, Jr., Youth Lecturer, presented the program: Mrs. Richard Holloway read Governor Raymond P. Shafer's Proclamation of Grange Week for April 17-23. The Mt. Sinai African United Methodist - Episcopal Church choir of Arcadia sang several numbers accompanied by Mrs. Paul Cevis. Henry Springer, Fairmount, gave an interesting chalk talk entitled "Be Prepared" and sang a solo accompanied by Mrs. Herman Welch. Mrs. Jesse Wood gave a reading "A Deck of Cards", and Mrs. Stanley Stauffer, Jr. conducted a stunt.

First and Second Degrees will be conferred at the next regular meeting of Fulton Grange April 24 and Third and Fourth Degrees will be conferred May 8. There will also be a scrap drive at that meeting for the benefit of Scout Troop #330.

● River Basin

(Continued from Page 1) needs for agriculture including irrigation, livestock watering, food processing, and needs for domestic use in rural areas. Identification of all sites feasible for storing water for agricultural and rural use, and for flood prevention.

Dacamine Gets To The Root Of Your Weed Problem in Pasture Lands

Dacamine weed killer kills the whole weed roots and all that's because Dacamine works slowly, penetrates deep for complete kill. Gives grasses a chance to grow and thrive resulting in better pasture land. Best of all nearby crops are safer because Dacamine is non-volatile— goes to work where you put it.

For weed-free pastures and better forage quality, get Dacamine herbicide now.
