"How come so many custom operators use Gleaners?"

## High capacity and low maintenance win fame for Allis-Chalmers C<sup>II</sup> Gleaner combine!

Down-front cylinder leaves room in the thresher body for 49 square feet of separating area! That's capacity that puts more and cleaner grain in the bin. Low upkeep begins with the heaviest main frame in the industry,

balanced weight distribution and the full-jewelled smoothness of running parts. New variable-speed cylinder control lets you set RPM's to match crop conditions. Easily switched to regular or narrow 4-row corn head!
