## New John Deere 480 Mower and Conditioner

It cuts,  
conditions,  
windrows

The new John Deere 480 Mower and Conditioner is a timesaver. In one pass through the field it cuts, conditions, and windrows an 8-foot 9-inch swath.

The 480's pickup reel provides positive feeding in every crop condition. Fast roll speed, large roll diameter, and wide roll opening practically eliminate conditioner plugging and wrapping.

See us soon about a new 480 Mower and Conditioner. Use our Credit Plan.

**2.83 lbs. feed  
per pound of gain**

10 weeks  
to market

**With Ful-O-Pep Gro-Pork 45 and grain**

LESS THAN 3 LBS. of total feed to produce a pound of pork. That's real efficiency... using Ful-O-Pep Gro-Pork 45 Supplement and local grain. Eight lots of hogs averaged a 2.83 conversion at the Ful-O-Pep Research Farm.

**2.78 WHEN REPEATED**—The next 8 lots of hogs fed out on Ful-O-Pep Gro-Pork 45 Supplement and grain proved the efficiency of this feed once more. Average conversion? 2.78 lbs. of feed per pound of gain.

It's worth trying Ful-O-Pep... for the extra efficiency you get. Put your next hogs on Gro-Pork 45.

**Ful-O-Pep is the feed of efficient feeders**
