morning session will consist of a tour of Masonic swine facilities and the usual judging classes, the afternoon program will include reports from Penn State specialists and the Pennsylvania Pork Council.

Martin reminded county swine producers of the importance of supporting their industry by joining the state and national pork producers councils.

"Our future as pork producers depends upon getting our message across to the consumer," Martin stated, adding that promotion of pork was in the best interest of every producer.

"How come so many custom operators use Gleaners?"

High capacity and low maintenance win fame for Allis-Chalmers C⁴ Gleaner combine!

Down-front cylinder leaves room in the thresher body for 49 square feet of separating area! That's capacity that puts more and cleaner grain in the bin. Low upkeep begins with the narrowest main frame in the industry,

balanced weight distribution and the full-jewelled smoothness of running parts. New variable-speed cylinder control lets you set RPM's to match crop conditions. Easily switched to regular or narrow 4-row corn head!
