

**Pa. Angus Breeders Elect New Officers**

New officers were elected for the Pennsylvania Angus Association at the organization's recent annual meeting at State College. The meeting was held the evening before the annual Pennsylvania Angus field day at Penn State University.

Raymond Tail, Mercer, was elected president and Conrad

Grove, Pottstown, is vice president. New secretary-treasurer is Jay E. Coble, Hershey. Directors are Robert Reitz, Milton, and Ben Morgan, University Park.

At the field day the following day, the top junior Angus showmen in the state were selected. The two winners, Sam Wiley, Nottingham, and Richard Rishel, York, will represent Pennsylvania in the National Junior Angus Showman-

**Few Pets Are Rabid, Says Diagnostic Chief**

HARRISBURG—Think twice before having a pet destroyed and its brain examined for ra-

bies was the plea made Thursday by the Pennsylvania Department of Agriculture.

All too frequently the destroyed animals were confined pets which nipped a youngster because they disliked being manhandled. Dr. Palace H. Seitz, chief of the Department's diagnostic laboratory, said.

"Parents should realize that rabbits, dogs and other pets, which have been cooped up all their lives, couldn't be infected with rabies because they have never been exposed to a bite from rabid wildlife," Seitz said.

Seitz said animals suspected of having rabies should be se-

**Ohio Farm Girl Is New American Dairy Princess**

Regan Linn Davis, 19, daughter of Mr. and Mrs. H. Clair Davis, Kinsman, Ohio, was crowned recently as the 1967-68 American Dairy Princess in a ceremony held at the Continental Plaza Hotel. She won the title in competition with 29 state finalists. The alternate princess is Connie Jane Dunavant, 18, daughter of Mr. and Mrs. Gene Dunavant, Pulaski, Tennessee. Jean Huls, 21-year-old daughter of Mr. and Mrs. Joseph Huls, Salem, South Dakota, was voted "Miss Congeniality" by the other contestants.

The contest is sponsored by the American Dairy Association, the farmer-financed dairy foods research and promotion organization. The American Dairy Princess will travel on behalf of the association during the coming year, appearing at many meetings throughout the country.

The new princess, who succeeds Carol Ann Armacost of Maryland, is 5 feet, 4 inches tall. She has auburn hair and brown eyes. She lives with her family on a 200-acre dairy farm.

Miss Davis is a graduate of Joseph Badger High School where she was a member of the National Honor Society, president and vice president of the student council, homecoming queen, class secretary, class representative and a cheerleader for four years. She is presently attending Kent State University and has completed two speech courses.

curely confined for observation by a veterinarian

Technicians at the diagnostic laboratory, located in nearby Summerdale, examine thousands of animals each year for rabies and other diseases. Approximately 12 rabies cases, most of which are wild animals or farm animals bitten by infected wildlife, are diagnosed annually.

**14 TEST-COW FEED**

(All-purpose dairy feed)

You have good cows! That's part of the secret of successful dairying. Managing your herd plays its part, too. But more important than that is good feeding. That's where Red Rose Dairy Feeds can help you.

RED ROSE DAIRY FEEDS are available in many protein levels. You simply choose the one best suited to your particular need depending upon the roughage available. And, when you place Red Rose Dairy Feeds in the feed troughs you can be sure you are feeding well-balanced vitamin-fortified rations that will maintain your herd and encourage higher milk production.

A feed that you will find especially resultful is RED ROSE 14 TEST-COW FEED. This is a course-textured all-purpose feed (the finer materials are pelleted) that can be fed to your milking cows, dry cows, calves and bulls.

Feed RED ROSE 14 TEST-COW FEED as it comes from the bag. It can be fed at all seasons but is particularly helpful during warm summer days to keep appetites from lagging. Test-Cow Feed is made from high quality grains and proteins; is high in fat, minerals and digestible nutrients.

Decide now to use Red Rose 14 Test-Cow Feed and other Red Rose Dairy Feeds! Call your dealer and order what you need. You'll be pleased with his service, too
