In a large bowl combine turkey, celery, almonds, green pepper, pimiento, onion, salt, and lemon juice. Add mayonnaise and blend well. Spread salad mixture on 8 slices toasted bread, 8 toasted English muffin halves or 8 toasted buns. Sprinkle about 2 tablespoons crumbled blue cheese over each sandwich. Serve cold. Or, to serve hot, place under broiler for 2 to 3 minutes, or until cheese bubbles. 8 sandwiches.

You can serve a sandwich for dessert, too, if you'd like—

Farm Women

Society 27
Society of Farm Women 27, met at the home of Mrs. James Garber, Mt. Joy R2, on Tuesday evening, September 26. Mrs. Robert Kauffman was the assisting hostess. Mrs. Galen Benner led in devotions.

The county officers attended the meeting and Mrs. John Hershey, president, conducted the session. The group decided to contribute money to the Lancaster Society of Retarded Children. Program suggestions were

In small mixer bowl beat eggs with sugar just until blended; beat in milk and vanilla. Blend in pancake mix, then chocolate and butter; allow to stand a few minutes. Bake in preheated waffle baker until steaming stops; cool on wire rack. Yields 2 whole four-sectioned square waffles. Cut ice cream into slices; arrange on one whole waffle to cover. Top with second waffle; cut into 8 portions. Serve with chocolate sauce and whipped cream, if desired. Makes 8 servings.

received.
Mrs. Mary Rutt, Missionary to the Congo, showed her slides and spoke of the work there.

Sweater Buying Guidelines

When you buy a sweater, look for one that's well made, the correct size, and fits properly.

Best quality knits are generally full-fashioned or knit to shape.

You can identify full-fashioned sweaters by lines of stitching running parallel with the seams.

Cut and sewed knits are cut to shape from flat yardage. Then they're sewed together at side seams, armholes, and across the shoulders.

When you check a sweater for size and fit, look for smooth, easy fit at the neckline, across the back and chest, and sleeves.

Look for sweater shoulders just wide enough from neckline to top of shoulder so sleeves fall easily.

Armholes need to be comfortable and allow for ease of movement.

You'll want the sweater long enough to stay in place when you move.

Look for Grade Shield on Egg Cartons

The grade shield on an egg carton indicates an experienced grader has checked the interior quality of each egg for freshness and wholesomeness.

You must refrigerate eggs to keep them at top quality. Buy only eggs from refrigerated cases and place them in your refrigerator as soon as possible.

Repair Outdoor Furniture Before Storing

door furniture for the winter:

Inspect for worn parts, rot, and mildew.

Make any needed repairs. Thoroughly clean the furniture using soap and water whenever possible.

Add protective coatings such as wax, varnish, lacquer, oil, penetrating sealer, and paint.

Cover with paper, plastic, or cloth and store in a dry place.

Consider using outdoor furniture inside the house. The family room, kitchen, dining area, and child's bedroom are often ideal spots for outdoor furniture.

Ground Beef

Economical and Nutritious
One pound of ground beef will make four servings.

Ground beef is always available and as flavorful and nutritious.

Arcadian Liquid.

Now's the time to seed and feed wheat.

Start wheat faster with exact prescription-analysis in every drop. That's why more growers are converting to Arcadian SLF mixed liquid. It doesn't limit you to five or six grades. We prescription mix N-P-K plus minor elements in the exact ratio your wheat crop needs for strong, vigorous growth. It contains new Poly-N® which gives you 100% water soluble phosphorus enriched with new polyphosphates. Gets wheat off to a faster, deep rooted start. And you also get three forms of nitrogen for fast response plus sustained feeding. You'll like the way Arcadian liquid saves labor. Loading and applying is far easier and faster than dry materials. All you lift is the end of a hose. So unless you enjoy lifting fertilizer bags, try Arcadian SLF liquid. The faster, labor-saving, more profitable way to seed and feed wheat.
