pionships. This entry was picked by judge Val Brungardt, Madison, Wis., out of the Summer Yearling Class.

Judge Brungardt gave the over-all grand championship to an Angus from Virginia, that was shown by Scott McIntire, White Post. McIntire's entry headed the Summer Yearling Class (the largest class of the day and also the class from which the Lancaster 4-H'ers picked their winning county group).

Reserve grand champion of the show was the second place steer in the same class for Glenn N. Lippy Jr., Littlestown, Adams County.

In the Hereford breed a pair of Virginia steers took top honors Daniel B. Wolfe, Berryville R2, had the grand champion and Richard M. Blake, Waterford had the reserve grand champion.

Lavon Riegel, New Paris, O., had the reserve grand champion Shorthorn behind Miss Heistand.

Double-barrelled  
pork builder:

**WAYNE PIG  
BALANCER  
"400"**

Your own grain and Wayne Pig Balancer "400" is a real double-barrelled pork builder for shoats from 50 to 120 lbs. Contains the same outstanding nutrient blend as the famous regular Wayne Pig Balancer (40% protein) but with a high level of a unique antibiotic combination.

Its quality ingredients will balance your pig ration with the amino acids, vitamins and minerals lacking in grain alone. Its high antibiotic level makes it especially valuable for commercial hog lots with chronic disease problems.

You can use Wayne Pig Balancer "400" in either free choice or grind and mix programs. Either way your pigs will hit 120 lbs. quickly and efficiently, ready to finish out profitably.

Come in now and get the complete story on Wayne Pig Balancer "400".

**Arcadian  
Liquid.**

Fall's the time to speed  
crop residue decay.

Won't let go of crop residue until it says "Humus." That's why Arcadian liquid is called the stubborn fall fertilizer. It completely coats and clings to the stubble. Doesn't bounce off the way dry prills do. When plowed down, it stays right where it's needed to speed microbial breakdown of organic matter. This faster decomposition makes more nutrients available next spring.

And Arcadian liquid won't blow away. It won't segregate, cake or set-up. But it will give faster decay of crop residue, one-tip prescription-fertilizing, uniform application in less time with less labor. If that's what you want your fall fertilizer to do...then give us a call right now. You're ready for the stubborn fall fertilizer: Arcadian liquid.

See us now.
