

**● For The Farm Wife**  
(Continued from Page 18)

- 1 teaspoon almond extract
- 1 pound can whole cranberry sauce
- 1 cup heavy cream
- Several drops red vegetable coloring
- 1 teaspoon vanilla
- 2 teaspoons confectioners' sugar
- 1/2 cup jelly beans (assorted colors)

Preheat oven to 400 degrees. Lightly grease bottom of a 15 1/2 x 10 1/2 x 1 inch jelly-roll pan, then line with waxed paper.

Sift together flour, baking powder, salt. Beat eggs until thick and lemon colored. Gradually beat in sugar, 2 tablespoons at a time. Continue beating until thick and light. Fold in sifted dry ingredients and almond extract. Turn into waxed paper lined pan, spreading evenly. Bake 10 to 13 minutes or until surface springs back when pressed with fingers.

Sift confectioners' sugar onto clean towel. With sharp knife, loosen sides of cake. Turn out cake onto sugar. Peel off waxed paper. Trim off crisp edges of cake. Starting with long edge, roll cake in towel. Place seam side down, on wire rack to cool. Gently unroll cake, remove towel. Spread with whole berry cranberry sauce (drained). Re-roll. Place seam side down on plate. Chill.

Whip heavy cream until thick. Beat in vanilla and sugar. Add red coloring to give a pink color. Frost cake with whipped cream. Garnish with jelly beans.

**A PRETTY GARNISH**

Lemon cups are simple to make and provide a colorful garnish for meat, poultry, or fish. For a special treat, fill the cups with lemon or orange ice, cranberry sauce, mustard sauce, or sour cream. To make lemon cups; cut each lemon in half, ream out the juice and save it for use later. Scoop out the pulp lining of the shells with a spoon, or strip it out with the fingers. Cut a slice from the bottom of each cup so they will stand upright. Scallop or notch the edges of the cups if desired. For firmly frozen sherbet cups. Fill cups with orange, lemon, or lime sherbet or ice and put them on a tray and keep them in the freezer until serving time. If possible use large, firm, well-colored lemons for these cups.

living with a "screaming mother." She responds openly and frankly, letting her children know exactly where they stand. Because of her frankness, her children have no doubts about what pleases or displeases her. Restrictions, with love, are a big part of effective discipline. Parents who are fond of their children see discipline as a process of teaching them good ways to live. The end result of discipline is basically a feeling inside—not a fear of something outside.

**THINGS TO COME**

A new physical fitness toy has been developed for kids from 6 to 60. Called the "Twist 'n Pop," the device consists of a handle with a paddle at each end. A ball is suspended from the center of the handle, and the idea is to pop it from one paddle to the other. . . A pushbutton door closer is available for the executive who wants instant privacy. The system allows the executive to close his door by means of a pushbutton on his desk. The system can be installed in minutes; it plugs into a standard 110-volt AC wall outlet.
