

**● Child Labor**  
(Continued from Page 1)

ational agriculture student-learners when all of the following requirements are met: (1) The student-learner is enrolled in a course of study and training in a cooperative vocational education training program in agriculture under a recognized State or local educational authority or in a course of study in a substantially similar program conducted by a private school and; (2) such student-learner is employed under a written agreement which provides: (i) That the work of the student-learner in the occupations declared particularly hazardous shall be incidental to his training; (ii) that such work shall be intermittent and for short periods of time, and under the direct and close supervision of a qualified and experienced person; (iii) that safety instructions shall be given by the school and correlated by the employer with on-the-job training and; (iv) that a schedule of organized and progressive work processes to be performed on the job shall have been prepared. Each such written agreement shall contain the name of the student-learner, and shall be signed by the employer and a person authorized to represent the school. Copies of each agreement shall be kept on file by both the school and the employer. This exemption for the employment of student-learners may be revoked in any individual situation where it is found that reasonable precautions have not been observed for the safety of minors employed thereunder.

(e) Applications for exclusion. Any person or organization may at any time file with the Secre-

tary of Labor written application for exclusion from certain findings in this subpart of work pursuant to an educational or training program or portion thereof. Such an application shall identify the program, number of youth enrolled, and provisions of this subpart from which exclusion is sought. It shall describe the program, including the safety training and supervision the minors will receive. It shall be signed and give the title of any person who signs on behalf of an organization.

**Interim Determinations**  
(a) **Effective period.** The determinations in this section are made on an interim basis pending a study in greater depth of the occupations in agriculture particularly hazardous for the employment of children below the age of 16. This section shall expire January 1, 1970 unless this paragraph is amended or revoked after further proceedings of the type presently described in Subpart D of this part.

(b) **Finding and declaration of fact.** Subpart of Section 1550.70 and for period provided in paragraph (a) of this section, the following occupations in agriculture are particularly hazardous for the employment of children below the age of 16:

- (1) Handling or applying anhydrous ammonia, organic arsenic herbicides, organic phosphate pesticides, halogenated hydrocarbon pesticides, or heavy-metal fungicides, including cleaning or decontaminating equipment used in application or mixing of such chemicals.
- (2) Handling or using a blasting agent. For the purpose of this subparagraph, the term "blasting agent" shall include explosives such as, but not limited to, dynamite, black powder, sensitized ammonium nitrate, blasting caps, and primer cord.
- (3) Serving as flagman for aircraft.
- (4) Working as—
  - (i) Driver of a truck or auto-

mobile on a public road or highway.

- (ii) Driver of a bus.
- (5) Operating, driving, or riding on a tractor (track or wheel) over 20-horsepower, or attaching or detaching an implement or power-take-off unit to or from such tractor while the motor is running.

- (6) Operating or riding on a self-unloading bunk feeder wagon, a self-unloading bunk feeder trailer, a self-unloading forage box wagon, a self-unloading forage box trailer, a self-unloading auger wagon, or a self-unloading auger trailer.

- (7) Operating or riding on a dump wagon, hoist wagon, fork lift, rotary tiller (except walking type), or power-driven earth-moving equipment or power-driven trenching equipment.

- (8) Operating or unclogging a power-driven combine field baler, hay conditioner, corn picker, forage harvester, or vegetable harvester.

- (9) Operating, feeding, or unclogging any of the following machines when power-driven: Stationary baler, thresher, huller, feed grinder, chopper, silo filler, or crop dryer.

- (10) Feeding materials into or unclogging a roughage blower or auger conveyor.

- (11) Operating a power-driven post-hole digger or power-driven driver.

- (12) Operating, adjusting, or cleaning a power-driven saw.

- (13) Felling, bucking, skidding, loading, or unloading tim-

ber with a butt diameter of more than 6 inches.

- (14) Working from a ladder or scaffold at a height over 20 feet.

- (15) Working inside a gas-tight type fruit enclosure, gas-tight type grain enclosure or gas-

tight type forage enclosure, or inside a silo when a top unloading device is in operating position.

- (16) Working in a yard, pen, or stall occupied by a dairy bull, boar, or stud horse.

# START NOW!...

Start your spring fertilizing program —

- Top dress small grains with 30 - 60 lbs. of Nitrogen, NOW!
- Top dress pastures with 60 - 100 lbs. of Nitrogen, NOW!
- Prepare alfalfa seedbeds by plowing down phosphorus and potash, NOW!
- Plan your corn program around

### When you buy early, your whole family benefits!

During April and May, your purchase of a new New Holland baler or forage harvester will earn a valuable premium through the Early Buyers' Bonus program. For example, a self-propelled unit brings you a table-model color TV; a pull-type model earns you a black and white portable TV. Or, you can choose one of several other exciting bonuses. Offer is good only during April and May. And only applies to new New Holland balers and forage harvesters. Stop in soon for complete details.
