

CONVERTING TO ELECTRIC HEAT WAS REALLY EASY! ALL WE DID WAS REPLACE THE FURNACE WITH A SUITCASE-SIZE UNIT THAT HANGS ON THE WALL.

If you presently have a hot water-fired heating system, why put up with its huge bulk in your basement? You can heat the whole house with an electric furnace small enough to hang on the wall! Easy? You bet. And converting a warm air system is equally fast and convenient. With either, you'll like the space you save and the added cleanliness and comfort you get. Call PP&L or your Reddy Kilowatt Recommended Electric Home Heating Dealer listed in the Yellow Pages under "Heating."

PENNSYLVANIA POWER & LIGHT COMPANY

Correspondence Courses

A Pennsylvania State University correspondence course tells you how to plant. Send \$2.25 with your name and address to Annuals, Box 5000, University Park, Pennsylvania 16802. There are no other charges and a course copy comes to you by mail.

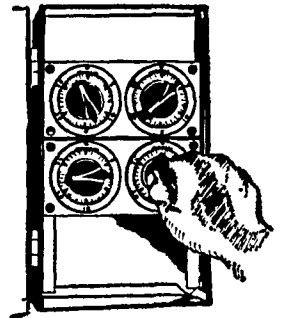

More Efficient

Annuals to a flower garden are like frosting to a cake. Trees, shrubs and lawn serve as the basic plants, but a showy display of bright flowers gives zest to your garden in summer.

The horse collar, horseshoes and tandem harnessing were the innovations of medieval European farmers when they found horses to be more efficient in plowing than oxen.

DIAL A RATION

with
**NEW JAMESWAY
CONTINUOUS FLOW
ELECTRIC FEED METER
for MILKING PARLORS**

Set a dial and feed your cows a pre-determined amount of grain continuously during milking.

Jamesway electric feed meters for herringbone stalls deliver grain as fast as cows can eat it.

We can easily install Jamesway feed meters in your present parlor.

If you're ready to mechanize completely, come in for details on our Jamesway milking parlor feeding system.

We also sell, install and service the complete line of Jamesway barn equipment including stanchions, pens, free access stalls, water cups, and farm ventilation.
