SHORN SLAUGHTER EWES — Cull to Good 4 00-7 00

Use Pesticides Safely

When used according to directions and precautions on the label, household and home-garden pesticides can be helpful aids remind Penn State extension specialists Remember to use a pesticide only when it is needed and the one recommended for the pest, read the label before you buy and make sure the pest you want to kill is listed on the label, read the label before using, then follow directions and precautions

"... the entire and absolute freedom of the press is essential to the preservation of government on the basis of a free constitution."—Daniel Webster.

GOOD FEEDING
pays off here!

It's in the milk pail where the results of good feeding really show. How the milk gets in the pail depends largely on the roughage, grains and supplements you use to help the cows produce it.

You know, it's essential to feed balanced, complete rations that contain all of the necessary vitamins, minerals and nutrients that are needed for production and maintenance. It's only natural that you will want to use your home-grown grains. But, remember, mix them with Red Rose Dairy Supplements to assure proper proteins. Then, you can be sure that the cows in your barn are eating just about the best feed you can provide. If you use complete feeds — choose from the complete line of Red Rose Dairy Feeds. They're available in many protein levels.

Red Rose
DAIRY FEEDS
and **SUPPLEMENTS**

pay off in the milk pail — where it counts most!

WHY DON'T YOU — be determined to earn more profit from your dairy cows? **Decide** to provide your cows with better nutrition. **Decide** to use Red Rose Dairy Supplements and Red Rose Dairy Feeds in your feeding program. **Decide today!** You'll be pleased with the results Red Rose Feeds give . . . and you'll be pleased with the extra money they will earn for you.
