

AVERAGE MONTHLY WEATHER OUTLOOK

Weather Bureau Extended Forecast Division
FOR MID-AUGUST TO MID-SEPTEMBER 1968

PRECIPITATION will total above normal over the Southern Rockies and most of the Plateau, the Pacific Northwest Coast, and the Midwest. Sub-normal amounts are expected in Southern California, New England and the Southeast, while near normal rainfall is in prospect elsewhere.

TEMPERATURES are expected to average below normal over the Northeast, the Northern Border States, and most of the country west of the Continental Divide. Above normal temperatures will prevail over the Southeast, while near normal temperatures are expected elsewhere in unspecified areas

What's New in Feeding Cattle?

Ful-O-Pep Cattle-izer Beef Supplement

An entirely new concept in cattle nutrition opens up new profit possibilities for cattlemen everywhere. Based on a whole new principle in feeding, Ful-O-Pep Cattle-izer Beef Supplement changes the proportions of organic acids produced in the rumen. As a result, up to 20% more energy is available to the animal, as compared to the same amount of regular feed without the new concept.

This extra energy means faster gains, less feeding time to market, and considerable lower feeding costs. For thousands of cattlemen, it means extra profits.

Try the new concept soon.

**HERE ARE 6 WAYS WE
COULD SKIMP ON THE
FAMOUS LAMCO
FORAGE BOX**

- 1** Use a Jerky Ratchet instead of SMOOTH WORM DRIVE
- 2** Replace our Safe Heavy Duty Outfeed Apron with a dangerous auger.
- 3** Use common beater in place of our Spiral beater which peels off the material. No Bunching — No Plugging

- 4 - Skimp on a Plain open Jaw transmission in place of our Protectively enclosed unit.
- 5 - Replace our Positive expensive worm drive with open gears on our Lower Beater Drive.
- 6 - Use ordinary soft wood for our main Stringer and Cross pieces instead of Strong Oak.

BUT . . .

We won't skimp — We know how valuable Farmers' time is in the Harvest.

Lamco is Safe — Smooth and Trouble free
